MEMORANDUM

To: Workforce Solutions Executive Committee

From: Adrian Lopez, WSA CEO

Presented by: Louis Tatum

Date: June 5, 2020

Subject: **Budget Amendment #3**

Summary: WSA adopted the budget for the Fiscal Year October 1, 2019 to September 30, 2020, based on estimates of carryover funds and new funding available on October 2019. A budget amendment is necessary due to significant funding received as a result of the CARES Act funding being allocated to the Workforce Solutions Alamo.

Analysis: This budget amendment primarily represents changes in pass through funding that support additional TWC funding for Child Care Services, National Emergency Grant Services for Dislocated Workers, and the cancellation of the Summer Earn and Learn program. Additional budget considerations were made to the Facility and Infrastructure Budget to support remote working conditions, sanitization of the Workforce Centers, and upgrades to communications to provide multiple services delivery options to customers receiving workforce services.

Alternatives: None

Fiscal Impact: The requested budget amendment will increase the overall budget by roughly 16% (\$20,936,708), approximately 82% of the increase is accounted for in service delivery pass through funding.

Recommendation: Staff recommends approval to increase the fiscal year by \$20,936,708 to support the Workforce Solutions Alamo response to the COVID 19.

Attachment: Amendment #3

MEMORANDUM

To: Executive Committee

From: Adrian Lopez, WSA CEO

Presented by: Louis Tatum

Date: June 5, 2020

Subject: **Discussion and Possible Action: Check Signing Authority Policy**

Summary: The current Check Signing Authority Policy ADM 45, C2 was adopted on August 15, 2016 to provide strong internal controls and safeguard the expenditure of funds. All checks, drafts or orders for payment of money (including electronic funds transfers), notes or other evidence of indebtedness in the name of the Corporation shall require the following authorization:

- Amounts \$.01 to \$3,000.00 requires 1 signature
- Amounts \$3,000.01 to \$100,000.00 requires 2 signatures
- Amounts \$100,000 and over require two signatures, one signature **must** be from
 - Board Chair
 - Board Vice-Chair
 - Board Secretary

Analysis: WSA has made strides in embracing a remote workforce to protect our employees, customers, and the community at large. Consequently, a limitation is issuing payments over \$3,000 vendors late and the potential for incurring late fees and interest. We are requesting to allow one original signature and the option for one electronic signature for payments over \$3,000. This additional flexibility will allow WSA meet financial obligations while maintaining the integrity of established financial controls.

Alternatives: N/A

Fiscal Impact: N/A

Recommendation: Discussion and possible action to approve policy updates.

Report on the Financial Statements

We have audited the accompanying financial statements of Alamo Workforce Development, Inc. dba Workforce Solutions – Alamo (the Corporation) (a non-profit organization), which comprise the statement of financial position as of September 30, 2019, and the related statement of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Corporation as of September 30, 2019, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

Change in Accounting Principle

As described in note 1 to the financial statements, in 2019, the Corporation adopted new accounting guidance, FASB Accounting Standards Update No. 2016 – 14 (Topic 958), “*Presentation of Financial Statements of Not-for-Profit Entities*”. Our opinion is not modified with respect to this matter.

Other Matters

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal and state awards, as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and the *State of Texas Single Audit Circular*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated June 12, 2020, on our consideration of the Corporation’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Corporation’s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Corporation’s internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2019

(1) Summary of significant accounting policies

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements is as follows:

Reporting entity

Alamo Workforce Development, Inc. dba Workforce Solutions – Alamo (the Corporation) is a nonprofit corporation organized to provide guidance, exercise oversight duties, manage workforce development activities, and promote social welfare and other charitable purposes in the Alamo service delivery area comprised of the thirteen (13) counties of Atascosa, Bandera, Bexar, Comal, Frio, Gillespie, Guadalupe, Karnes, Kendall, Kerr, Medina, McMullen, and Wilson.

The Corporation has been designated a local workforce development board for purposes of planning and implementing employment and training programs. The majority of the Corporation's funding is derived from contracts awarded by the Texas Workforce Commission (TWC), a state agency receiving pass-through funds from the U.S. Department of Labor, U.S. Department of Health and Human Services, and the U.S. Department of Agriculture. The following is a description of the programs the Corporation administered during the year.

"Programs" can be classified in different ways as based on the way that they come about. These include "Formula-Funded Grants," "Workforce Initiatives," "Special Grants/Projects," "Fee-for-Service Grants," and "Other TWC Grants."

Formula-Funded Grants

Funds for services are allocated to state and local areas based on a formula. These grants are the Board's 'bread and butter' and form a part of our primary or core programs.

Child Care Services (CCS). Funds come from multiple streams and have different goals, as follows:

- **Child Care Subsidized Direct Funding.** Funds are used to provide child care subsidies:
 - For children formerly receiving general child protective services (CPS) to provide continuity of care for children and stability for the family;
 - For children of parents who are mandated to participate in the TANF/Choices and SNAP E&T programs (see below). Children are referred by Texas Health & Human Services (HHS) and services must be provided to these families (they do not go through the wait list). Available funds are used to serve these families first;
 - To support low-income parents/caregivers so they participate in eligible work activities and/or attend school or training to help them become economically self-sufficient while providing stability for the children through continuity of care. Depending on the availability of funding, children are enrolled on a wait list and the Board has discretion prioritizing enrollment into services.
- **Texas Department of Family & Protective Services (DFPS) Child Care.** Funds purchase child care services for children who are deemed eligible (e.g., due to abuse and/or neglect) by DFPS. DFPS refers the children to CCS for services.
- **Child Care Local Match.** Provide subsidized child care to low-income families

(1) Summary of significant accounting policies (continued)

Reporting entity (continued)

- **Child Care Attendance Automation Service (CCAA).** Funds are used to provide resources to Boards for statewide implementation of a standardized CCAA (e.g., swipe cards) through a managed network service created by TWC's designated vendor.
- **Child Care Quality Improvement Activities (QIA).** Child Care Development funds for initiatives that help promote the quality of child care, including training, professional development, and technical assistance that are primarily geared to benefit child care facilities that are working toward Texas Rising Star (TRS) certification or are TRS providers working toward a higher certification level.

Non-Custodial Parent Choices (NCP). Program targets low-income unemployed or underemployed noncustodial parents who are behind on their child support payments and whose children are current or former recipients of public assistance. Goals is to help NCP participants become economically self-sufficient while making consistent child support payments. The project is in collaboration with TWC, the Office of the Attorney General (OAG), WSA, and the Bexar County court system. NCPs are referred by the court system, and they will either willingly participate in the project or will be subject to the court orders.

Rapid Response. Rapid Response is a proactive, business-focused strategy designed to help growing companies access an available pool of skilled workers from companies that are downsizing and to respond to layoffs and plant closings by providing immediate on-site assistance to transition workers to their next employment as soon as possible.

Supplemental Nutrition & Assistance Program Employment & Training (SNAP). Program helps 'food stamp' recipients gain skills, training, or work experience and increase their ability to obtain regular employment.

TANF/Choices. Program offers job preparation and educational services required for parents who depend on public assistance (Temporary Assistance for Needy Families/TANF) to transition into economic self-sufficiency through employment.

Trade Adjustment Assistance (TAA). Program provides job training and employment services to workers who have lost their jobs due to the effects of international trade.

Veterans Services. Contract with the Texas Veterans Commission (TVC) to provide space, technical and administrative support to TVC staff co-located at WSA Career Centers. TVC provides enhance services to veterans and can only work with veterans. Additional services may be provided using WIOA funds.

Wagner-Peyser / Employment Services. Federal legislation that established the 'Employment Service' and ancillary functions in 1935, as subsequently amended. Employer, job matching, and other related services offered at the Centers are partly funded using Wagner-Peyser grant funds. The funds cover the salaries of state staff and supplies.

Reporting entity (continued)

Workforce Investment & Opportunity Act (WIOA). WIOA has three main “formula-funded” grants serving Adults, Dislocated Workers, and Youth. However, other smaller grants are funded through WIOA, such as Rapid Response and Trade Adjustment Assistance (TAA). WIOA funds also can be used for Incumbent Worker and Customized Training, both of which only require ‘basic’ WIOA eligibility (e.g., being eligible to work in the U.S., being employed and, for males, being registered in Selective Service). The following three grants do have additional eligibility requirements which individuals must meet for funding.

WIOA Adult. Program serves economically disadvantaged adults assisting them in obtaining the skills needed to obtain, retain, and/or advance in employment.

WIOA DW. Program serves individuals who have lost their jobs as a result of a layoff or closure (e.g., at no fault of their own). Program assists dislocated workers in returning to the workforce as quickly as possible.

WIOA Youth. Program serves in-school and out-of-school youth ages 16-24 supporting them so they may enter into or complete educational/training opportunities, so they may gain the skills and credentials needed to obtain and retain employment.

Special Grants/Projects. Special Grants/Projects are those that WSA competes for (e.g., these are not like the “formula-funded grants” that TWC awards WSA). Rather, WSA writes a proposal to request and/or compete for funding, be this on our own and/or with partners.

Externship for Teachers. Grant available by TWC to outreach/collaborate with employers and Independent School Districts (ISDs) to provide externships for middle school and/or high school teachers, schools, counselors, and school administrators. WSA assists in the development and submits a proposal in partnership with the Alamo STEM Workforce Coalition (ASWC). ASWC is comprised of the Alliance for Technology Education in Applied Math and Science (ATEAMS), the Education Service Center 20 (ESC-20), SA Works, UTSA, and C2 GPS. The project requires matching funds (e.g., non-federal funds put in by the partners and/or private donors).

Workforce Commission Initiatives (WCI)

WCIs are grant awards issued to Boards by TWC to fund specific project initiatives. The focus and timeframes of these grants vary. These initiatives support the delivery of services to workers and employers and help fund projects that strengthen and add value to the delivery system. The following are some examples.

Red, White, and You! Employment Service (ES) funds to support the job fair event for Veterans.

Career in Texas Industries/Youth Career Fair Events. TANF funds that support Career in Texas Industries or Youth Career events for middle school, high school, and postsecondary students. Events aim at promoting exploration of career opportunities including understanding pathways to in-demand careers, networking, internships, and other applied learning opportunities. This year’s focus is on a Career Pathway Readiness Mini-Summit to include school Administrators, Counselors & Teachers, Parents, Students, and Workforce Development professionals with individual tracks and which is scheduled for September.

Texas Veterans Leadership Program. Utilize ES funds to support TWC's Texas Veterans Leadership Program (TVLP) staff. The Board shall ensure Agency TVLP staff is provided access to and use of common equipment, software or hardware platforms, consumables, and telecommunications networks in shared facilities. The Board may acquire goods or services needed to support the Agency's TVLP staff.

Child Care Quality Conference. Utilize CCDF funds to cover travel costs to the TWC Child Care Quality Conference.

Foster Care Youth Conference. Utilize TANF funds to cover travel costs to the Foster Care Youth Conference.

Military Family Support Pilot Program. Program designed to better meet the needs of military spouses entering the job market at military installations.

Fee-for-Service Grants

TWC has begun issuing funding for Vocational Rehabilitation Services (VRS). These funds aim at ensuring that Texas effectively prepares students with disabilities to obtain competitive and integrated employment through participation in employability skills and work readiness training, career exploration activities, work experience, postsecondary education, and other activities.

Summer Earn & Learn (SEAL). Includes work readiness training and paid work experience during the summer for students with disabilities.

Student HireAbility Navigator Project. Funding for two positions to serve as resources in the WDA to support, expand, and enhance the provision of pre-employment transition services to students with disabilities who are in the early phases of preparing for transition to postsecondary education and employment.

Vocational Rehabilitation – Co-location. Funding for co-location of Vocational Rehabilitation TWC team members into WSA's American Job Centers to offer a wide variety of pre-vocational and vocational services for individuals with disabilities.

Other TWC Grants

TWC sometimes may issue grants to Boards that are not tied to Workforce Initiatives.

Reemployment Services and Eligibility Assessment (RESEA). Grant programs funded by Title I of WIOA and the federal-state Unemployment Insurance (UI) program are required partners in a comprehensive, integrated workforce system. This program targets claimants who are most likely to exhaust benefits and be in need of reemployment services.

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2019

(1) Summary of significant accounting policies (continued)

Basis of accounting

The financial statements of the Corporation have been prepared on the accrual basis of accounting. The accompanying statements of financial position and activities focus on the Corporation as a whole and report the amounts of total assets, liabilities, net assets, and changes in net assets.

During the fiscal year 2019, the Corporation changed accounting policies related to presentation of its financial statements by adopting FASB Accounting Standards No. 2016 – 14 (Topic 958), “*Presentation of Financial Statements of Not-for-Profit Entities*”. Accordingly, the financial statements have been presented in accordance with the standard.

The Corporation classifies its financial statements to present two (2) classes of net assets:

- *Net assets without donor restrictions* include those net assets whose use is not restricted by donor-imposed stipulations. Restricted grant proceeds or contributions whose restrictions are met in the same reporting period are reported as revenue without donor restrictions.
- *Net assets with donor restrictions* include net assets subject to donor-imposed restrictions that may or will be satisfied by the actions of the Corporation or the passage of time. The Corporation had no net assets with donor restrictions at September 30, 2019.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income tax

The Corporation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code. The Corporation had no unrelated business income during the year ended September 30, 2019. Accordingly, no provision for income taxes were made in the accompanying financial statements.

Pension plan

The Corporation has adopted an employee retirement plan, which is a money purchase pension plan. It covers all employees who have met certain service requirements.

The Corporation may contribute to the plan. During the fiscal year, the Corporation matched up to 6.0% for employees who elected to participate in the plan. Plan expense for the year ended September 30, 2019 was \$96,941.

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2019

(1) Summary of significant accounting policies (continued)

Compensated absences

Employees of the Corporation earn annual leave on a bi-weekly basis. The maximum amount that will be paid upon separation of employment varies based upon years of employment. The Corporation had an accrued liability at September 30, 2019 of \$154,902.

Receivables

The allowance for doubtful accounts is established as losses are estimated to have occurred through a provision for bad debts charged to earnings. Losses are charged against the allowance when management believes the uncollectability of a receivable is confirmed. Subsequent recoveries, if any, are credited to the allowance. The allowance for doubtful accounts is evaluated on a regular basis by management and is based on historical experience and specifically identified questionable receivables. The evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available.

At September 30, 2019, no allowance for future bad debts had been established as it is management's opinion that losses, if incurred, would not materially affect the financial statements.

Grants receivable primarily represent balances due from grantees for funds billed under the terms of the contract. The Corporation does not record an allowance for uncollectibles against the grants receivable because management believes the receivables are considered to be 100% collectible.

Revenue recognition and deferred revenue

Contracts that are entered into by the Corporation are recognized as grant revenue when expenditures are incurred in accordance with the terms of the contract. Amounts received but not yet earned on continuing contracts are recorded as deferred revenue.

In-kind contributions and donated services

Donated services are valued at their estimated fair market value at the time of donation and are included in the statements of activities. During the year ended September 30, 2019, there were none noted to be significant to the financial statements.

Property and equipment

Fixed assets are valued at historical cost or estimated cost if historical cost is not available. Contributed fixed assets are valued at their estimated fair market value at the time of donation. Depreciation of property and equipment is provided over the estimated useful lives of the respective assets using the straight-line method. Expenses for betterments that materially extend the useful life of an asset are capitalized at cost.

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2019

(1) Summary of significant accounting policies (continued)

Property and equipment (continued)

The useful lives by type of asset are as follows:

<u>ASSET CLASS</u>	<u>USEFUL LIFE</u>
Information and technology	3- 5 years
Furniture and fixtures	5 years
Leasehold improvements	4-10 years

Title to equipment is vested with the Corporation; however, TWC reserves the right to transfer title or issue disposition instructions for property with a unit cost of \$5,000 or greater.

Cost allocation plan

The Corporation uses an administrative cost pool to allocate administrative costs which cannot be identified by a workforce funding title. These costs are allocated based on some acceptable measure of benefits received. Only actual, not budgeted, unassignable direct costs are pooled and distributed to the various titles. The Corporation has the following cost pools to be used to distribute costs: Bexar County Workforce Center, Rural Workforce Center, Workforce Center Cost Pool Program, and Administrative. Administrative costs which benefit all programs are allocated to each grant using the administrative cost pool. The cost allocation plan is prepared by the Chief Financial Officer (CFO) and submitted to the Executive Director (ED) for approval. The plan may be modified as necessary by the CFO to ensure compliance with the TWC regulations.

The plan is reviewed for modification for addition/deletion of funding sources, significant changes in programs or cost pool expenditures, or other events which could affect the reliability of the cost allocation plan.

Functional allocation of expenses

Certain salaries, employee benefits, and other expenses benefiting programs and administrative activities are allocated on a functional basis in the statements of activities and the schedule of functional expenses.

(2) Cash and cash equivalents

The Corporation's funds are required to be deposited and invested under the terms of a depository contract. The depository bank deposit for safekeeping and trust with the Corporation's agent bank approved pledged securities in an amount sufficient to protect the Corporation's funds on a day-to-day basis during the period of the contract. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit Insurance Corporation (FDIC) Insurance.

(2) Cash and cash equivalents (continued)

The Corporation's cash deposits at September 30, 2019, were entirely covered by FDIC insurance or by pledged collateral held by the Corporation's agent bank. The deposits were collateralized in accordance with Texas law.

For purposes of the statements of cash flows, all highly liquid instruments with a maturity of approximately 90 days or less are considered to be cash equivalents.

(3) Property and equipment

Property and equipment held by the Corporation at September 30, 2019, consist of the following:

COST OR BASIS OF PROPERTY				
	BALANCE SEPTEMBER 30, 2018	ADDITIONS	DELETIONS AND RETIREMENTS	BALANCE SEPTEMBER 30, 2019

Total	<u>\$ 4,027,233</u>	<u>\$ 265,422</u>	<u>\$ 119,770</u>	<u>\$ 4,172,885</u>

Depreciation expense for the year ended September 30, 2019, amounted to \$265,422.

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2019

(4) Leases

The Corporation leases office facilities and equipment under operating leases expiring in various years through 2030. Minimum future rental payments under operating leases, which have remaining terms beyond September 30, 2019, are in the aggregate, as follows:

YEAR ENDED SEPTEMBER 30,	AMOUNT
2020	\$ 2,702,914
2021	3,146,623
2022	2,787,237
2023	2,782,423
2024	2,544,460
Thereafter	<u>11,251,544</u>
Total	<u><u>\$ 25,215,201</u></u>

The leases have a right of cancellation clause in the event the Corporation does not receive funding. Total operating lease expense for the year ended September 30, 2019, amounted to \$2,311,064.

(5) Concentration of credit risk

Management believes concentrations of credit risk in grants receivable are limited due to contracts with state governmental agencies which management believes are credit-quality. Also, management believes the receivables from these contracts are collectible.

(6) Contingent liabilities

The Corporation receives a majority of its funding from federally assisted, pass-through grants from the U.S Department of Labor, Health and Human Services, and Agriculture through TWC. Program expenditures are subject to program compliance audits by the grantor. Any liability reimbursement, which may arise as a result of these audits, would require reimbursement from nonfederal sources. It is the position of the Corporation that all costs incurred and charged against these funds for the year ended September 30, 2019, are considered eligible under the terms of the contracts and grants.

The Corporation could potentially be a defendant in legal actions from transactions and activities conducted in the ordinary course of business. Management, after consultation with legal counsel, believes the aggregate liabilities, if any, will not be material to the financial statements.

Risk Related to Grantor Concentration – The Corporation’s funding is concentrated in government grants. If funding were discontinued, it would have a severe impact on operations. Services would be curtailed or discontinued, and uncertainty would exist in continuing operations.

NOTES TO FINANCIAL STATEMENTS

For the year ended September 30, 2019

(7) Risk management

The Corporation is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. For all such risks, the Corporation has purchased commercial insurance in varying amounts to mitigate the risk of loss.

(8) Evaluation of subsequent events

Management has evaluated subsequent events through June 12, 2020 the date which the financial statements were available to be issued.

On March 19, 2020 Texas Governor Greg Abbott issued an executive order to close non-essential businesses and schools due to the public health concerns related to the COVID-19 crisis. The result of this order will impact the economy and unemployment rates for the region that the Corporation services. The duration and intensity of these impacts on the Corporation's revenue sources will depend on future developments which cannot be forecasted or estimated at this time.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Alamo Workforce Development, Inc.
dba Workforce Solutions - Alamo
San Antonio, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Alamo Workforce Development, Inc. dba Workforce Solutions – Alamo (the Corporation) (a nonprofit organization), which comprise the statement of financial position as of September 30, 2019, and the related statement of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated June 12, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Corporation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Corporation's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Corporation's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Corporation's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR
FEDERAL AND STATE PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE AND THE STATE OF TEXAS SINGLE AUDIT CIRCULAR

To the Board of Directors
Alamo Workforce Development, Inc.
dba Workforce Solutions - Alamo
San Antonio, Texas

Report on Compliance for Each Major Program

We have audited Alamo Workforce Development, Inc. dba Workforce Solutions – Alamo's (the Corporation) (a nonprofit organization) compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and the *State of Texas Single Audit Circular* that could have a direct and material effect on each of the Corporation's major federal and state programs for the year ended September 30, 2019. The Corporation's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal and state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Corporation's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and the *State of Texas Single Audit Circular*. Those standards, the Uniform Guidance, and the *State of Texas Single Audit Circular* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Corporation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Corporation's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the Corporation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal or state programs for the year ended September 30, 2019.

Report on Internal Control Over Compliance

Management of the Corporation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Corporation's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal or state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and the *State of Texas Single Audit Circular*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Corporation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. *A material weakness in internal over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal or state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and the *State of Texas Single Audit Circular*. Accordingly, this report is not suitable for any other purpose.

MEMORANDUM

To: Executive Committee

From: Adrian Lopez, WSA CEO

Presented by: LaVonnia Horne-Williams, Procurement & Contracts Director

Date: June 5, 2020

Subject: Procurement Projects and Contracts Summary

Summary: Workforce Solutions Alamo (WSA) issues Request for Qualifications (RFQ), Request for Proposals (RFP), and Request for Quotes (RFQ) to acquire services and goods. Procurements are conducted in a manner which provides for full, open and free competition. The procurement of all goods and services for WSA is governed by the requirements and specifications outlined in the Texas Workforce Commission (TWC) Financial Manual for Grants and Contracts, Chapter 14, Office of Management and Budget's "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" (Uniform Guidance (UG)) which is codified at Title 2, Part 200 of the Code of Federal Regulations (2 CFR part 200) and the Uniform Grant Management Standards (UGMS), Part III, Chapter 783 Texas Government Code.

Analysis: As an entity supported by public funds, WSA has a legal obligation to spend public funds wisely and prudently, to act in the public interest, to be transparent in its actions, and be accountable to the public. As the Director of Procurement and Contracting, the goal of my team is to ensure our department reviews all requests for purchases of goods, services, equipment, software, hardware, and subscriptions for best value.

Currently we have two renovation projects underway. The East Houston workforce center location is on schedule to be completed in late July, early August. The Seguin workforce center is relocating. The new location renovations are scheduled to be complete in early August. As we plan for re-opening all workforce centers, we have procured all the necessary PPE and prepared an installation plan of required items in each workforce center.

We are also focusing on contract amendments for program services, renewal contracts and assessing future service needs. We are working to dedicate time to staff development and training, creating best practices, updating policies and procedures and improving our

risk mitigation by designing new business processes with built-in risk control and containment measures.

Alternatives: N/A

Fiscal Impact: N/A

Recommendation: Approving the currently updated Procurement Policies and Procedures Manual. Continuing current course of action to build improved business processes that mitigate the agency's risk, work within budgeted allocations, and provide the highest quality of service to our internal and external customers.

Next Steps: Providing Procurement staff training - Basic Texas Purchaser Course; Provide WSA staff quarterly briefs on emergency procurements, sole source/proprietary procurements, and procurement process flow.

MEMORANDUM

To: Workforce Solutions Alamo Executive Committee

From: Adrian Lopez, WSA CEO

Presented by: Adrian Lopez, WSA CEO

Date: June 5, 2020

Subject: WSA Employee Handbook Revision

Summary: This item is to provide an update on WSA's Employee Handbook Revision.

Analysis: The current Handbook was published in 2013. Since that time, it has been updated periodically addressing policies as issues arose and as needed in order to remain consistent with current management direction. Starting December 2019, HR began drafting a more cohesive handbook. HR took a deep dive into the root causes of the prior claims and complaints and to identify the policies in the current handbook that staff have issues with. To that end, HR reached out to staff in December, asking for their input on policies that are problematic for them in addition to policies they would like to be included.

The common themes of the input from WSA staff were:

- Desire for transparency when filling vacancies
- Seeking clarification for hours worked away from the office for exempt staff as well as the use of discretionary time
- Requests to increase the PTO sellback and carryover thresholds
- Expansion and further definition of flex schedules
- Clarification of the process to grant administrative leave

HR also compared WSA's employee Handbook to best practices as identified by SHRM (Society for Human Resources Management) and Texas Workforce Commission's Guide for Texas Employers. In addition, we compared our handbook with the handbooks of Workforce Solutions Greater Dallas, Workforce Solutions Lower Rio Grande Valley and Alamo Area Council of Governments (AACOG) to identify policies that vary from WSA's Employee Handbook.

HR presented recommendations for things that need to be updated to WSA's management team in a series of meetings. This draft was then sent to outside legal counsel before WSA's Marketing and Design team will begin final formatting.

A workgroup, of CEO, WSA legal counsel and HR will be held June 8, 2020. This workgroup will produce the final draft of the handbook.

Alternatives: No viable alternatives to staff recommendation and/or process.

Fiscal Impact: Updates to the employee handbook were performed internally and reviewed by outside counsel.

Recommendation: None

Next Steps: The handbook workgroup will meet on June 8, 2020 to produce final draft. This final draft will be presented to the HR Committee June 11, 2020. Lastly, the Handbook will be rolled out to all staff at a mandatory staff meeting, where acknowledgement of receipt forms will be collected from all staff the first week of July.

1.4 Harassment and/or Discrimination

WE DO NOT TOLERATE HARASSMENT, DISCRIMINATION OR RETALIATION BASED ON GENDER, RACE, COLOR, AGE, NATIONAL ORIGIN, RELIGION, POLITICAL AFFILIATION OR BELIEF, DISABILITY, GENETIC INFORMATION, OR ANY OTHER BASIS PROTECTED BY APPLICABLE LAW.

1.4.1. Summary of policy. WSA is committed to maintaining a work environment characterized by respect, courtesy, dignity and professionalism. Therefore, WSA strictly prohibits and will not tolerate any harassment of an employee or any inappropriate behavior. The prohibitions against harassment apply not only to WSA employees, supervisors, and offices, but also to vendors, customers, and others with whom the agency does business. In other words, WSA will not tolerate any harassment of its employees by anyone

1.4.1.1 To maintain a positive work environment for all WSA employees, we ask that you immediately report any conduct or words that violate our policies, regardless of whether they are directed at you or someone else. Since WSA will not tolerate anyone engaging in harassment, discrimination, retaliation or inappropriate conduct toward our employees, we ask that you report the misconduct, regardless of whether it is by an employee, manager, vendor, customer, or anyone else doing business with WSA.

1.4.1.2 Upon receiving a report of this nature, Workforce Solutions Alamo will promptly investigate the matter and take a prompt remedial action, as may be appropriate. Anyone working at WSA who is found to have violated these policies will receive appropriate corrective action, including discipline, up to and including discharge.

1.4.1.3 We strongly encourage the reporting of misconduct. No one will be retaliated against in any manner for making valid reports in good faith. Every employee, manager and supervisor has the responsibility of reporting any conduct or words, which violate WSA's policies against unlawful harassment (sexual or otherwise), discrimination, retaliation or inappropriate conduct.

1.4.1.4 A more detailed explanation of our policies, the types of prohibited misconduct, and the possible avenues for reporting violations of the policies,

follow:

1.4.1.4.1 Prohibited Conduct and Words. It is not feasible to list all of the types of behavior, misconduct, and comments that violate policy and could subject an employee to discipline, including discharge. The following are examples of misconduct, which are strictly prohibited.

1.4.1.4.2 Sexual harassment will not be tolerated. Sexual harassment includes, but is not limited to: comments or behavior related to gender which are insulting, offensive, degrading, or disparaging, or other unwelcome physical or verbal conduct of a sexual nature where:

1.4.1.4.2.1 Submission to such conduct is either an expressed or implied term or condition of employment; or

1.4.1.4.2.2 Submission to or rejection of such conduct is used as the basis for an employment decision affecting the harassed person; or

1.4.1.4.2.3 The conduct has the purpose or effect of unreasonably interfering with an affected person's work performance or creating an intimidating, hostile, or offensive work environment.

1.4.1.4.3 Examples of sexual harassment that violate our policies include: unwelcome or uninvited sexual advances, requests for sexual favors, suggestive remarks, touching or physical contact, flirting, comments about any individual's body, questions of a personal or sexual nature; sexually related jokes, comments or wisecracks, stalking, attempts to initiate a personal relationship, displays or circulation of sexually suggestive or offensive graphics, pictures or other material; invitations to meals, requests for dates, etc., and other words or actions. Our policies prohibit harassment regardless of whether the words or conduct are directed at the same sex or the opposite sex as the person engaging on the conduct or comments.

1.4.1.4.4 Other kinds of prohibited harassment. WSA also strictly prohibits and will not tolerate any kind of comments, statements, innuendoes, slurs, nicknames, derogatory comments, jokes, pranks,

circulation or posting of pictures or other materials, or other verbal or physical conduct that are/is in any manner related to sex, pregnancy, race, ethnic or national origin, religion, color, citizenship, culture, gender, marital status, veteran status, age, disability, and/or any other factor protected by law.

1.4.1.4.5 Inappropriate Behavior. WSA also strictly prohibits any comments or conduct that is insulting, disrespectful, bothersome, offensive, annoying or degrading, even though the words or conduct may not constitute "sexual harassment" or other prohibited harassment. Examples of behavior include violating someone's privacy with personal questions or conduct, rudeness, yelling, ridiculing individuals, disclosing personal or medical information, unprofessional behavior, intimidation, disrespectful behavior, name-calling, using inappropriate nicknames or descriptions to refer to persons, annoying others with teasing, practical jokes, mischief, or other behavior.

1.4.1.4.6 Retaliation is Prohibited. WSA also strictly prohibits any unlawful retaliation against anyone who has reported any violation of our policies; made any objection to any discriminatory or retaliatory act, or participated in any investigation, whether as a witness, provider of information, or a complainant.

1.4.1.5 Policy Applies to All Communications. WSA's email system, internet access system, other elements of its information technology system and communications facilities, intra-office mail, voice mail, and all other means of communication are subject to WSA's anti-harassment and anti-discrimination policies. WSA expressly prohibits the use of email, Internet or other means to transmit, view, access, or receive lewd, offensive, discriminatory, harassing or inappropriate messages, images, or other materials. Screen savers on computers, as well as all other images and messages on computers, must be appropriate for a business environment and conform to WSA's policies.

1.4.2 How to report Violations of Harassment, Discrimination, and Retaliation

1.4.2.1 Ways to make a report: WSA strongly encourages employees to

report any conduct or words that violate policy. If you believe that you or any other employee has been subjected to any verbal or physical conduct that violates our policies prohibiting harassment (sexual or otherwise), discrimination, retaliation or inappropriate conduct, report it immediately. WSA assures you that there will not be any unlawful retaliation or reprisal for making a valid report. The following are possible avenues for making a report or complaint of harassment (sexual or otherwise), discrimination, retaliation or inappropriate conduct or words.

1.4.2.2 Generally, the report of misconduct could be made to [REDACTED]. However, if for any reason you feel it would not be appropriate or effective to report it to your [REDACTED] (for example, if unavailable, not objective, a participant in the issue to be reported, or for any other reason), you should make the report to HR.

1.4.2.3 Exercising rights under this policy, does not in any way preclude your right as an employee to seek relief through the TWC Civil Rights Division, the Equal Opportunity Commission, or in a court of proper jurisdiction for any complaint for which a remedy is provided under Applicable Law.

1.4.3 Investigation of the Complaint. After a report or complaint has been received, WSA will assign an appropriate person to immediately begin investigating the complaint. The investigators may vary depending on the circumstances and the nature of the allegations. In order to facilitate the investigation, you may be asked to submit your complaint in a written form, which gives details and specific information concerning the harassment.

Individuals determined to have violated any of our policies prohibiting harassment, discrimination, or inappropriate behavior will be subject to disciplinary actions up to and including termination.

1.4.4 Report Any Additional Issues that Arise. So that they may also be investigated and appropriately addressed, you should immediately report any additional or later issues,

problems, or concerns that may arise to the investigator or as outlined above. Other matters that should be reported include:

1.4.4.1 Any concern you may have that not enough is being done to address or resolve your complaint;

WSA also prohibits retaliation against anyone who may have provided information or acted as a witness during an investigation, or has otherwise participated in an investigation, or engaged in any protected activity.

1.4.6 Confidential Records Maintenance. WSA maintains all records generated by a complaint of equal opportunity and/or retaliation in a secure and confidential manner in the HR office, in accordance with Applicable Law.

1.11.6 All reports of workplace harassment, intimidation or violence will be investigated promptly and impartially. Employees are required to cooperate in any investigation. A timely resolution of each report should be reached and communicated to all parties involved as soon as possible.

1.11.7 Any form of retaliation against employees for making bona fide reports concerning workplace harassment or violence is prohibited; therefore, such retaliation must be reported.

1.11.8 Employees who are victims of domestic or non-work related violence, or who believe they are potentially victims of such violence, and fear it may enter the workplace, are encouraged to promptly notify [REDACTED].

1.11.9 Those who believe they are victims of harassment or violence, whether workplace or non-work related, may also contact WSA's Employee Assistance Plan (EAP) to obtain advice in dealing with the situation.

1.11.10 Violations of this policy will lead to corrective action, up to and including termination and/or referral to the appropriate law enforcement agencies for arrest and prosecution. WSA reserves the right to take any necessary legal action to protect its employees.

1.12 Ethics and Conflicts of Interest

Employees are expected to use good judgment, adhere to high ethical standards, and to avoid situations that create an actual or perceived conflict between their own personal interests and those of WSA.

1.12.1 Therefore, WSA prohibits its employees from engaging in any activity, practice, or act which conflicts with, or appears to conflict with the interests of WSA. Such activity is influenced by considerations of one or more of the following: gain to the employee, entity, or organization in which the employee, his/her parent, child, adopted child, or spouse has employment interest, substantial financial interest, or other interest that influences the employee's ability to perform his or her job duties and responsibilities.

1.12.2 The prohibitions included in this policy are not exhaustive and serve as examples.

1.12.2.1 Employees are not to engage, directly or indirectly, any conduct which is disloyal, disruptive, competitive, or damaging to WSA.

1.12.2.2 Employees and their immediate families are not to accept gifts, except those of nominal value (\$25.00 or less), money, or any other item of value from any person or group doing, or seeking to do or doing, business with WSA.

1.12.2.3 Employees are not to give, offer, or promise, directly or indirectly, anything of value, including services outside the ordinary course of business, to any customer, vendor, relative, potential customer, or any other person or entity.

1.12.2.4 WSA's operational strategies and business decisions are confidential. Employees are not to disclose inside, confidential, or proprietary information to anyone, whether inside or outside the organization, who does not have a legitimate need to know.

1.12.2.5 Employees are not to hold any positions with any entity doing business or seeking to do business with WSA.

1.12.2.6 Employees must refrain from engaging in any conduct, which either creates or appears to create a conflict of interest with WSA.

1.12.2.7 Misusing any confidential or proprietary information or violating policies on such information.

1.12.3 Employees have an obligation to avoid conflicts of interest and to refer such questions and concerns about potential conflicts to their supervisor or HR.

1.12.4 Violation of any of the foregoing policies could result in disciplinary action up to and including termination of employment. WSA has sole discretion to determine where a conflict of interest exists. Should you have any questions or doubts about the interpretation or applicability of any of these policies to yourself or others, contact HR.

SECTION II

EMPLOYMENT

2.1 Classification and Categories of Employees

Employees of WSA are classified as either "exempt" or "nonexempt/" according to the provisions of Applicable Law. Classification is based on the nature of the job duties, responsibilities, and compensation in accordance with Applicable Law.

2.1.1 Nonexempt (hourly) employees enjoy full coverage under Applicable Law, and receive pay for overtime work. They report hours, according to current practice, for bi-weekly payment.

2.1.2 Exempt employees are salaried and meet the other criteria for exempt status

under Applicable Law. They do not receive overtime pay. The emphasis is not on the exact number of hours they work, but on the results they produce, i.e. project completion or appropriate management of their departments

2.1.3 Within these two classifications, WSA employees are grouped by employment status:

2.1.3.1 Regular Full-time Employees: These employees have successfully completed an introductory period of employment and are regularly scheduled to work 40 hours per week.

2.1.3.2 Regular Part-time Employees: These employees have successfully completed an introductory period and are regularly scheduled to work at least 20 but less than 40 hours per week.

2.1.3.3 Temporary Employees: Occasionally an employee will be hired for a short time to complete a project or fill a vacancy until a regular employee is hired or returns to work. Temporary employees seldom work for more than three months and are not eligible for regular employee benefits.

2.1.4 Independent Contractors: From time to time, WSA may engage an independent third party to provide services for a particular project and/or for a limited period of time. These independent third parties are self-employed; are responsible for their own taxes and expenses; are not subject to an employer's direction and control; have the opportunity for profit and loss; and are not WSA employees for any purpose. Consequently, such independent contractors are not eligible to receive and do not receive any of WSA's employment benefits.

2.2 Application for Employment and Background Investigation

WSA requires that any person interested in being employed by this agency must first complete an application for employment and all supplemental sheets, as required. [Forms are provided from HR for many of the operating rules for employees in this Handbook, including requests, reimbursements, applications, and grievances. These forms must be completed in full before any action can be taken by WSA.](#)

2.2.1 Applications are accepted only for current positions available. An employment application must be submitted for each vacancy. The application must be complete, and all the questions must be answered. Any skills, education, licenses, etc. required for the position must also be included with the application to ensure that the applicant meets minimum qualifications for the position. HR and the hiring managers will screen

applications to insure that applicants meet the minimum qualifications for the open position.

2.2.1.1 WSA has no obligation or practice of utilizing or referring to the applications in connection with vacancies that occur after the filling of the vacancy for which the application was submitted but does retain applications, on file, to meet statutory regulations.

2.2.2 All WSA applicants must be legally authorized or eligible to work in the United States as provided by Applicable Law.

2.2.3 All WSA employees are required to have a valid Social Security number.

2.2.4 Qualification for employment - In making its hiring decisions, WSA relies on the qualifications, work history, experience, achievements, attributes and other information described and provided (directly or indirectly) to WSA, its recruiters, interviewers, or others during the application and hiring process (e.g. resume, application form, interviews, correspondence, and other materials and information). Therefore, if at any time WSA discovers a misrepresentation, omission, misstatement, or other inaccuracy, intentional or unintentional, in any of the information provided, employees will be subject to immediate discharge if WSA, in its sole discretion, determines the misrepresentation, omission, misstatement, or inaccuracy was not trivial.

2.2.4.1 Job Qualification Review – the agency will review the appropriateness of all job qualifications annually in conformance with requirements of Applicable Law to ensure that job qualifications do not exclude disabled individuals because of their handicaps, are related to the performance of the job, and are consistent with business necessity and safe performance.

2.2.5 Background Investigation – To assure that WSA hires qualified employees to meet the various requirements for carrying out its mission and goals, it conducts verification of previous employment, background investigations, and drug screening through a third party, a federal credit reporting agency. The following screening is sought, with disclosure to the applicant/employee:

2.2.5.1 Credit history - for fiscal and procurement positions

2.2.5.2 State and county criminal history with social security number trace - for all

2.2.5.3 Education verification if a degree is required for the position

2.2.5.4 Drug test for all (urine drug testing must be completed within 24 hours of receiving chain of custody forms for continued consideration for employment); applicant must present chain of custody form and picture ID at the lab.

2.2.5.5 If WSA were to take adverse action as a result of the findings of the investigation completed by a third party, it will provide the applicant/employee with a copy of the applicant's rights under Applicable Law. This affords the applicant an opportunity to dispute information believed to be inaccurate with the third-party agency and for that reporting agency to re-investigate and remedy inaccuracies, if appropriate. Adverse action is defined as denial of employment or any other decision for employment purposes that adversely affects any current or prospective employee.

2.3 Job Posting and Application Process

HR is responsible for the development and posting of appropriate job descriptions. An open position, whether it is a replacement position or a new one, will be first posted in-house for five (5) working days.

2.3.1 Any WSA employee, who is not in an introductory period, performance probation, suspension, or pending disciplinary action, may apply for any open position for which he/she is interested and qualified. After an in-house posting, WSA may elect to contact outside sources to identify and attract additional candidates for consideration. In particular situations, WSA may determine, at its sole discretion, that it is more appropriate to seek external candidates without posting in-house or to seek outside candidates contemporaneously with its in-house posting.

2.3.2 All applicants, both internal and external, must complete an application for employment. HR will review applications to ensure they meet minimum qualifications. Only applicants meeting minimum requirements of the position will be considered.

2.3.3.1 Only employees who resigned with at least two weeks' notice, four weeks' notice for all levels of management, or were released by WSA under favorable conditions shall be eligible to apply for rehire.

2.3.3.2 After the screening process, the hiring managers and HR will initiate the interview process. Candidates, either internal or external, are required to be interviewed before being offered a position.

2.3.3.3 Vacancies will be filled based on WSA's assessment of which candidate best meets the needs of the organization for the position, utilizing such factors as: merit, qualifications, potential for career growth, adaptability, ability to learn or perform the essential functions of the job, and/or other factors it deems appropriate.

2.3.3.4 Any applicant recommended to fill a vacancy must have received the

recommendation based on his/her qualifications and ability.

2.3.4 Interim appointments. WSA may determine it is in the best interests of WSA to appoint an Interim to immediately fill that vacated position.

2.3.4.1 The word Interim will be added to the beginning title of the position.

2.3.4.2 There is no guarantee that the Interim will automatically assume the position on a full time permanent basis.

2.3.4.3 At the successful completion of the Initial 90 days as an Interim, the Interim's performance will be reviewed by the CEO. If the Interim has performed the duties of the position in an above average manner, the Interim is eligible to be considered to carry on in the position without the Interim designator.

2.4 Expectations for Employee Behavior

WSA maintains certain rules and regulations regarding employee behavior that are necessary for the efficient operation of the agency and for the benefit and safety of all employees. Conduct that uses WSA's resources inappropriately, impedes the providing of our services, interferes with operations, discredits WSA, or is offensive to customers or fellow employees will not be tolerated.

2.4.1 Employees are expected to conduct themselves in a professional manner in order to promote the best interests of Workforce Solutions Alamo. Such conduct includes but is not limited to:

2.4.1.1 Reporting to work punctually as scheduled and being at the proper work location, ready for work, at the beginning of your scheduled work day;

2.4.1.2 Giving proper advance notice whenever unable to work or report on time;

2.4.1.3 Complying with all WSA safety and security regulations;

2.4.1.4 Refraining from spreading vicious rumors about employees, supervisors, customers or WSA;

2.4.1.5 Wearing clothing appropriate for the work being performed;

2.4.1.6 Maintaining your workplace and work area in a clean and orderly manner to foster workplace safety;

2.4.1.7 Treating all customers, visitors, and fellow employees in a professional

manner;

2.4.1.8 Refraining from behavior or conduct deemed offensive or undesirable, or which is not in the best interest of WSA, such as:

2.4.1.8.1 Name calling; demeaning jokes; taking credit for another's work or ideas; refusing to communicate or speak with another co-worker; offensive verbal, visual, or physical contact; invading another's privacy/personal space; knowingly blaming others for mistakes they did not make; gossiping and bullying.

2.4.1.9 Performing assigned tasks efficiently and in accordance with quality standards set by WSA

2.4.1.10 Reporting to management suspicious, unethical, or illegal conduct of fellow employees, customers, or visitors.

2.4.2 This Handbook outlines prohibited conduct, that will subject the employee to disciplinary action, up to and including discharge.

2.5 Nepotism (Employment of Relatives)

WSA ensures that all employees are hired, promoted, or transferred on the basis of individual merit. Realizing that supervisory positions have a certain amount of influence that might lead to accusations of favoritism or discrimination, the employment of relatives is prohibited according to the guidelines below:

2.5.1 WSA may not employ anyone who is related to a Board member or to the CEO by marriage or within a third degree relationship.

2.5.2 WSA discourages the employment of relatives of any WSA employee when the employment might reasonably present a conflict due to the relationship.

2.5.3 If a situation that runs contrary to this policy is created due to a promotion, transfer, or marriage, the affected individuals will have a period of three (3) months to settle the issue voluntarily. In such situations, one of the affected employees should request a transfer or resign. There is no guarantee, however, that a transfer will be an option in every case. If the individuals are unable to resolve the issue on their own, the department manager will decide, (with the assistance from HR and CEO), which employee is to be transferred or terminated to achieve compliance with the policy.

2.6 Promotions

WSA provides fair and equal promotion opportunities to all employees.

2.6.1 Qualified internal candidates must complete application and participate in the interview process.

2.6.2 A promotion is a move to a job with greater responsibilities and offers qualified employees an opportunity to advance in the organization.

2.6.3 Employees promoted to a higher position may receive a pay adjustment.

2.7 Transfers

WSA offers employees the opportunity to transfer laterally to a job within the person's current work area or to another department within WSA. A lateral transfer may be the change of an employee's job title or duties that does not immediately affect the person's salary grade.

2.7.1 Any employee requesting a transfer between divisions must get the approval of the gaining and losing department directors/managers.

2.7.2 WSA has the authority to transfer employees to positions, within the organization, as he/she deems necessary for the efficient utilization of personnel and to meet organizational requirements.

2.7.3 A salary increase is not required nor normally given in the case of a transfer.

2.8 Demotions

WSA has guidelines for managing employee demotions.

2.8.1 A demotion is the movement of an employee from a position of higher pay grade to a lower one. This reduction, which will be accompanied by a pay reduction, may be the result of the following:

2.8.1.1 The employee's inability to fulfill the functions of his/her job at any time or during the probationary period;

2.8.1.2 The employee's request for a demotion;

2.8.1.3 Disciplinary action;

2.8.1.4 Reduction in force or the reorganization of functions, jobs, or activities;

2.8.1.5 The best interests of the agency.

2.8.2 WSA will determine, in its sole and exclusive discretion, whether the circumstances warrant a demotion.

2.8.3 _____ will determine the employee's new salary.

2.8.4 An employee who is demoted may return to his/her former position and salary, if such an opening is available

2.9 Immigration Law Compliance

WSA is committed to employing only individuals who are legally authorized to work in the United States, and does not unlawfully discriminate on the basis of citizenship status or national origin.

2.9.1 In compliance with the Applicable Law, each new employee, as a condition of employment, must complete the Employment Eligibility Verification Form I-9 within three (3) days of hire. Employees who are rehired must also complete the form if they have not completed an I-9 with WSA within the past three years, or if their previous I-9 is no longer retained or valid.

2.9.2 The agency utilizes the services of E verify to verify the employee's right to work in the United States. WSA completes the process within three(3) days of date of hire.

2.9.3 Employees with questions or who seek more information on immigration law are encouraged to contact the HR. Employees may raise questions or complaints about immigration law compliance without fear of reprisal.

2.10 Outside Employment

WSA does not prohibit employees from having a second job, but provides guidelines for the outside employment of its employees. Outside employment is defined as "work for wages, income, salary, commission, percentage, or compensation of any type, which is prohibited from being performed during normal hours at WSA. This includes, but is not limited to: self-employment, contractual employment, or employment by an agency, business, enterprise or others."

2.10.1 Employees will not allow, for any reason, their outside employment to impair the efficiency and effectiveness of duties assigned by WSA.

2.10.2 Employees are prohibited from accepting or engaging in outside business, employment, or work that results in even the appearance of impropriety or a conflict of interest.

2.10.3 WSA prohibits the use of its premises and/or property to be used in connection with any outside employment.

2.10.4 Working a second job is prohibited while on any kind of leave of absence, except as required by a military commitment, and could result in revocation of the leave of absence and/or termination of employment.

2.11 Performance Evaluation/ Work Performance Improvement

WSA expects its employees to perform their assigned duties to the best of their abilities, according to the directions of their supervisors, agency policies and procedures and the standards, outlined in the respective job descriptions. Supervisors and managers are tasked with discussing job performance expectations at time of employment and throughout the employee's tenure. Additionally, WSA believes that it is important that employees be recognized for good performance; receive appropriate suggestions for improvement when necessary; and be compensated for their contributions to WSA.

2.11.1 A performance evaluation will be presented according to the following guidelines:

2.11.1.1 Once a year prior to July 1st;

2.11.1.2 Prior to a promotion;

2.11.1.3 At the successful completion of the initial 90 days of employment or after 90 days in a new position; and

2.11.1.4 New employees' first pay increase, based on performance, will be prorated and will be based on number of days from date of hire to the July 1st evaluation date. Employees who have been on extended leaves of absence may receive prorated pay increases to reflect the absence.

2.11.2 The performance review can be useful in helping an employee to understand the manager's expectations and if they are met. It can also assist in planning performance goals for the next review period and in identifying appropriate training, when needed.

2.11.3 The frequency and focus of performance appraisal discussions may vary, depending on the specific job. However, discussions about performance need not be limited to formal performance appraisal discussions initiated by the manager. Managers welcome questions about an individual's performance or manager's expectations at any time.

2.11.4 Being placed on a Work Performance Improvement Plan may result in a change in the effective date of a pay increase, as a result of a performance evaluation. HR, with the approval of the Executive Director, will be responsible for adjusting the effective date

of the pay increase.

2.11.5 Work Performance Improvement - Directors are responsible for developing performance improvement plans with their employees, when warranted, and for completing the appropriate performance-monitoring forms.

2.11.5.1 Employees who are placed on formal Work Performance Improvement Plans (WPIP) are considered to be on work performance probation. Progress toward satisfactory performance of job duties is required for continued employment. If, at any time during the period of the plan, the Director determines that the employee is not making satisfactory progress, employment may be terminated.

2.11.5.2 The Director completes Work Performance Improvement Plan, outlining the action plan for a period of time, not to exceed 60 days, during which the employee will demonstrate consistent, satisfactory performance.

2.11.5.2.1 Directors are expected to meet at least bi-weekly with the employee to discuss the employee's progress and to monitor resources provided.

2.11.5.3 If the employee is on a WPIP at the time the annual evaluation is due or if the employee is placed on a plan as a result of the annual evaluation, the employee will not receive a pay increase until he/she has successfully completed the WPIP. The pay increase, when effective, will not be retroactive.

2.11.6 All evaluations will be placed in the employee's personnel file. Employees are encouraged to ask for a copy of evaluations and performance improvement plans to maintain their own records of expectations.

2.12 Introductory Period of Employment

WSA provides for an introductory period for all new employees and employees who are new in a position to give new employees or those new to the position the opportunity to demonstrate their ability to achieve a satisfactory level of performance and to determine whether the new position meets the employee's expectations.

2.12.1 New employees are considered to be in an introductory period during the first 90 days of employment. The purpose of this period is to give WSA and the employee time to determine the suitability of the match and whether the employment relationship should continue. During this period the employee's performance, behavior, and attendance will be closely monitored. Either the employee or WSA may end the employment relationship at-will any time during or after the introductory period, with or without cause or advanced notice. The employee's supervisor will fully document the

decision to terminate or demote.

2.12.2 Managers are expected to clarify performance expectations and, when appropriate, to develop performance improvement plans to aid the employee in meeting goals and expectations..

2.12.3 Employees are also considered to be in an introductory period for the 90 days following any change or advancement to another position with WSA. This includes transfers, promotions, and demotions. If a recently promoted employee is unable to satisfactorily meet the new responsibilities, the manager will consult with HR.

2.12.4 At any time during the initial 90 day introductory period, employment may be terminated, without prior warning or consultation. Without any limitation to the right to terminate or demote at will, the employee's manager will fully document the decision to terminate or demote. Employees terminated during the probationary period, or as a result of the formal evaluation made at the end of the probationary period, do not have access to the grievance procedures relative to their termination

2.12.5 Employees who are placed on formal performance improvement plans are considered "on performance probation" for the length of the plan.

SECTION III COMPENSATION

3.1 Wage and Salary Administration

The salary administration program at WSA has been created to achieve consistent pay practices, and offer competitive salaries within our labor market. Because recruiting and retaining talented employees is critical to our success, WSA is committed to paying employees equitable wages that reflect WSA's assessment of the requirements and responsibilities of the positions and are comparable to the pay received by employees in similar organizations.

3.1.1 Compensation for every position is determined by several factors, including the essential duties and functions of the job, salary survey data from third party providers, budgetary considerations, agency goals and priorities, and other factors deemed appropriate by WSA. Periodic review and revision of the salary administration program will be performed. Merit-based pay adjustments may be awarded in conjunction with employee performance, documented during the performance evaluation process.

3.1.1.1 Employees should bring their pay-related questions or concerns to the attention of their immediate supervisors, who are responsible for the fair administration of departmental pay practices. HR is available to answer specific questions about the salary administration program.

3.1.2 New Positions

3.1.2.1 Hiring salaries will be based on the qualifications of the candidate in relation to the job requirements and to the experience and qualifications of current employees in the same classification and grade.

3.1.2.2 Several exceptions may be considered regarding hiring salaries:

3.1.2.2.1 Unusual market conditions may require premium-hiring rates up to the salary range midpoint.

3.1.2.2.2 Exceptions to the standard may be requested from _____.

3.1.2.2.3 Availability of budgetary resources.

3.1.2.2.4 Priorities, goals, or business challenges.

3.1.3 Annual Salary Reviews

3.1.3.1 The objective of salary increases is to move an employee's pay through the assigned salary range over several years, at rates reflecting the employee's job performance.

3.1.3.2 The salary increase is dependent upon the individual's overall performance, the position of the individual's salary within the assigned salary range, and the percentage increases allocated for the given fiscal year.

3.1.3.3 If an employee has reached the maximum of the salary range for the position, s/he will not be eligible for an annual increase in salary. Instead, based on the performance review, s/he will receive a one-time bonus, based on the increase rate determined for that fiscal year.

3.1.4 Promotions

3.1.3.1 A promotion is the assignment of an employee to a position classified in a salary grade higher than is currently assigned.

3.1.4.2 The new salary after promotion will at least meet the minimum of the new grade level and not exceed a 10% increase.

3.1.5 Transfers

3.1.5.1 A transfer is the voluntary or involuntary assignment of an employee to another position classified in the same salary grade level as the position to which the employee is currently assigned.

3.1.5.2 A salary increase is not required or normally given in the case of a transfer.

3.1.6 Demotions

3.1.6.1 A demotion is the movement of an employee from a higher pay grade to a lower one.

3.1.6.2 A demotion is accompanied by a pay adjustment to the previous rate of pay, if the individual is returning to the prior position. If moving to another position, in a lower pay grade, the reduction in pay will depend on factors such as transferrable experience, skills, and abilities. The CEO will make the determination in consultation with the Director and HR.

3.1.7 Changes from Nonexempt to Exempt Status

3.1.7.1 Reassignment from a non-exempt to an exempt position, or vice versa, is considered on a case-by-case basis by HR.

3.2 Overtime Work and Compensatory Leave

WSA employees are covered by the minimum wage and overtime provisions of the Applicable Law. An employee is either exempt or non-exempt from overtime provisions depending on his/her job responsibilities. If an employee changes job positions, he/she may be reclassified.

Overtime must be approved, in writing, in advance by an employee's supervisor. It must then be reported on the employee's time sheet with an explanation for the time worked. If it is not possible to obtain permission in writing, verbal permission may be obtained and then reported on the time sheet.

3.5. 1. Regular and temporary full-time non-exempt employees are to be paid time and a half for hours worked over 40 during a standard work week. Work performed during regular scheduled holidays, will count toward over time. PTO taken will not be counted as hours worked for the calculation of hours that are to be paid at time and a half.

3.5.2 Regular full-time: Regular full-time exempt employees are expected to work the hours necessary to complete the task. Where an unusual number of hours are required by management to complete special projects, employees must obtain prior written approval from their supervisors.

3.5.3 Regular full-time exempt employees may accrue compensatory time for hours worked over 40 during a standard work week. Such activity must be approved in advanced by all levels of supervision. Failure to receive advance approval may result in compensatory time being denied. Work performed during a regularly scheduled holiday may count toward compensatory time.

Employees may carry forward a maximum of 160 hours of compensatory time. Any hours in excess of 160 at 12/31 each year will be forfeited.

Temporary full-time: Temporary full-time exempt employees are to be paid their regular hourly rate for each hour worked over 40 during a standard work week.

3.5.4 Distribution upon termination: Upon voluntary termination and in the event of termination due to employee's death, compensatory hours will be distributed according to the following vesting schedule:

Service	Vested Amount
0 to 2.5 years (900 days)	0% Vested
2.51 to 3.5 years	40% Vested
3.51 to 4.5 years	80% Vested
4.51 years+	100% Vested

Termination for cause may result in the forfeiture of compensatory hours.

3.3 Travel Time

WSA may require employees to travel within the scope of their job duties. Under these circumstances, compensation for travel as worked time will be based on the nature and time of the travel required and whether the employee is in an exempt or nonexempt position. Exempt employees will not receive travel time compensation.

3.3.1 An employee is not entitled to paid travel time when commuting to and from home to WSA work site. This is also true for travel time involved when an employee travels to different local work sites. Similarly, travel time back to the employee's home, from any local WSA facility or worksite is not compensated.

3.3.2 An exception exists when a non-exempt employee commutes to/from a work site outside Bexar County. In that case, travel time will be considered as time worked for overtime calculation.

3.3.3 If the employee is required to travel from the primary work site to another, as part of his/her job duties, that time will be regarded as time worked for overtime calculation. If an employee returns from out of town travel during the normal workday hours, s/he is expected to return to work or request the appropriate time-off.

3.3.4 If the non-exempt/hourly employee drives to a work commitment out of the area on a non-working day, (e.g. on a Saturday or Sunday), during hours that would be part of the workweek schedule (8 a.m.-5 p.m.), the driving time will be counted as hours worked. If an employee opts to travel outside those normal working hours and/or travels as a passenger in a car on a public carrier (airplane), this time not considered time worked.

3.4 Payroll Schedule and Time Records

Payroll periods are on a bi-weekly schedule. Paychecks will be distributed every other Friday at the office unless authorized for direct deposit. Paychecks will not be given to a person other than to the employee, unless written authorization by the employee is given to WSA. Requests must be submitted to the Fiscal department at least 24 hours prior to payday.

3.4.1 In the event that a regularly scheduled payday falls on a holiday, employees will receive paychecks on the last day of work before the regularly scheduled payday.

3.4.2 Recording of time is required for all employees on Time records must be true and complete and approved by the manager no later than 10:00 a.m. on the Monday prior to a payday. Employees will post their hours worked to the codes assigned to the various agency programs.

3.4.3 Accurate recording of time worked is the responsibility of every employee. Federal and state laws require that WSA maintain an accurate record of time worked to calculate employee pay and benefits. For non-exempt/hourly employees, time worked is all the time actually spent on the job, performing assigned duties.

3.4.4 Altering, falsifying, tampering with time records, or recording time on another employee's time record will result in disciplinary action, up to and including termination of employment.

3.5 Pay Deductions

Various statutes require that WSA makes certain deductions from employees' paychecks. WSA also must deduct Social Security taxes on each employee's earnings up to a specified limit, called the Social Security "wage base."

3.5.1 Except for federal withholding taxes (FIT), Social Security and Medicare (FICA), and court-mandated garnishments, no other deductions will be made without written consent of the employee.

3.5.2 In accordance with the Texas Payday Law, WSA requires that employees give the agency the right to deduct monies from their paychecks, in certain instances, on Form 3.5 #1 Wage Deduction Authorization Agreement, found in the HR folder of the shared

drive in the Forms sub-folder:

3.5.2.1 The employee's share of group health plans or the full amount (employer and employee contribution), if the employee is on an unpaid leave of absence;

3.5.2.2 Employee salary deferral that the employee elects to have invested in the 401(k) plan;

3.5.2.3 Prorated tuition assistance when the employee leaves employment, if s/he has not completed a full year of employment since receiving the last reimbursement;

3.5.2.4 Any overpayment of wages;

3.5.2.5 401(K) loan repayments; and

SECTION IV

EMPLOYEE BENEFITS

Introduction to Benefits. WSA is engaged in an on-going process of reviewing and implementing new ideas and benefit programs. This process involves implementing changes, modifications or improvements to match budgetary resources and available funds, to meet business needs, to reduce operating expenses, or to better attract and retain the best possible personnel. Other factors may also lead to significant changes in the compensation or fringe benefits under which employees were hired or have continued to work. Accordingly, all of WSA's insurance programs, compensation plans, levels of insurance coverage and related costs, employee benefit programs, insurance carriers, fringe benefits, and their underlying policies and terms are subject to change, modification, elimination, or substitution at any time, at the discretion of WSA. In the sections that follow, we have described the fringe benefits that are currently available to regular employees.

4.1 Medical and Health Insurance

4.1.1 WSA currently provides its full-time employees and those, who regularly work at least 30 or more hours per week, with health insurance coverage.

4.1.1.1 The plan offers the following options: a preferred provider organization (PPO), a health savings account (HSA), or health maintenance organization (HMO). Annual enrollment for the plan is held in April in anticipation of the new plan year, May 1.

4.1.1.2 Medical, dental, and vision insurance are effective on the first day of the month following hire on a full-time basis with WSA or when employment status changes to a regular schedule of at least 30 hours per week. Individual questions on enrollment situations should be addressed with HR.

4.1.1.3 Dental Insurance: offers special pricing on dental work for employees and their dependents through designated dentists.

4.1.1.4 Vision Insurance: offers special pricing on eye care, glasses, and contact lenses.

4.1.2 Supplemental plans, such as: cancer, specified, illness, additional life, and accident insurance are voluntary and are paid in full by the employee by payroll deduction.

4.1.3 WSA currently subsidizes a portion of employee and dependent coverage for medical, dental, and vision coverage. Pre-tax deductions may be available and differ with the plans. Deductions are taken 24 times each year (two times each month.) Any questions on these health plans should be directed to the HR department.

4.2 Life and Disability Insurance

4.2.1 Group Life and Accidental Death and Dismemberment Insurance

WSA provides term life and accidental death and dismemberment insurance for all regular full-time employees and those who regularly work at least 30 hours per week, in the amount of two times their annual compensation, for a maximum insurance of \$300,000. The cost of this insurance is paid entirely by WSA. This insurance is effective on the first of the month following full time active employment or change of status to reflect that the employee is working at least 30 hours each week. The opportunity exists to purchase additional life and AD&D insurance through payroll deduction.

4.2.2 Short-term Disability

WSA also provides, at no cost to the employee, a short-term disability plan (STD), offering financial protection by paying a portion of your income if you are disabled. Under the current plan, the amount you receive is based on the amount you earned before the disability began. There is a 14 day elimination period for sickness or injury within this plan. Employees will not receive STD benefits during the first 14 calendar days of disability and are encouraged to maintain PTO to cover this non-paid period.

4.2.2.1 Eligibility begins at the first of the month following 90 days of employment for all regular full time employees and for those who regularly work at least 30 hours per week.

4.2.2.2 While you are on short term disability, you will receive 60% of your weekly earnings, to a maximum of \$750.00 per week. The maximum period of payment is 11 weeks. Your payment may be reduced by deductible sources of income.

4.2.3 Long-term Disability

WSA provides, at no cost to the employee, a long-term disability plan (LTD). It pays 60% of pre-disability earnings to a maximum benefit of \$6,000 per month. The amount you receive under the plan is based on the amount you earned before your disability began. There is a 90 day or end of maximum STD benefit elimination period. Employees will not receive LTD benefits until that time period has expired. The maximum period of payment is based on your age at the time of disability. Your payment may be reduced by deductible sources of income and disability earnings.

4.2.3.1 Enrollment in LTD begins at the first of the month following 90 days of employment for all regular full time employees and those who regularly work at least 30 hours a week.

4.2.4 Supplemental Disability Coverage

Supplemental disability coverage is available for purchase through various carriers by payroll deduction, on an after tax basis. Evidence of insurability may be required before the supplemental products may be purchased.

4.3 Retirement – Defined Contribution Plan

To assist its employees in planning for retirement, WSA offers a tax favored retirement savings plan, which allows employees to contribute a portion of their salary before federal taxes are deducted.

4.3.1 This defined contribution 401(k) plan is available to all regular part-time and fulltime employees. The agency may match a portion of the employee's contribution provided funding is available.

4.3.1.1 The match amount is determined in the agency's budget, annually. HR can answer questions about the match.

4.3.2 Each year the federal government determines the maximum amount of taxable income you may defer through payroll deduction. Employees may begin deferment at the same time they become eligible for health benefits or the first of the month following employment. After you enroll, your contributions to this program are automatically deducted from your paycheck each pay period and credited to whatever account(s) you chose. Since that money is deferred, that is, not "paid" to you, it is not considered income and you do not pay current federal (or state if applicable) income tax on it.

4.3.3 The plan also allows for an after tax Roth 401(k). For more information, ask HR.

4.3.4 The plan provides participants the opportunity to apply for loans against their accounts, provided certain requirements are met. HR can assist you in applying for a 401(k) loan. Employees must elect to repay their loans by payroll deduction.

4.3.5 The plan also allows participants the opportunity to change the amount of pre-tax deferral made to their 401(k) plans quarterly. Changes may be elected prior to the beginning of each quarter: January 1, April 1, July 1, and October 1.

4.3.6 Enrollment forms and additional information may be obtained from HR.

4.4 Training and Development

WSA supports the continuing professional development of its employees and encourages them to request to attend job-related workshops, seminars, and conferences. Such requests are subject to the approval of WSA, based on such factors as workload requirements, schedules, and budgetary resources.

4.4.1 Process:

4.4.1.1 Seek approval from your immediate supervisor.

4.4.1.2 If the program/seminar is to be held outside the Alamo region, provide _____ with supporting information such as the training/conference agenda and meeting logistics and any special travel needs.

4.4.1.3 The _____ prepares the Travel Authorization form (AWD FORMTA .10) for the CEO's approval. When, approved, the Executive Secretary arranges for lodging and transportation, payment of fees, and notifies the attendee of the per diem rates for the area.

4.4.2 Employee Responsibility

4.4.2.1 Employees are expected to share information relevant to other agency and contractor staff upon their return.

4.5 Travel Expenses

4.51 Employees of WSA may be reimbursed for certain allowable travel expenses, related to official WSA business, when the expenses have been approved by WSA, in advance, and proper documentation has been submitted to verify the expense. Reimbursement rates are set by the Texas Legislature and are consistent with the requirements of the General Services Administration. This document incorporates all changes made by either the TWC or the Texas Legislature. The Fiscal Department maintains the most current documents as published on and reimbursed accordingly:

<https://fm.xcpa.state.tx.us/fm/travel/travelrates.php>

4.5.2 Travel outside of the WSA Area requires prior written approval. Employees traveling out-of-state, within the continental United States, receive a locality-based allowance for meals and lodging (single rate). Employees should consult with their managers and travel coordinator (Executive Secretary) regarding travel requests and forms.

4.5.3 Reimbursement - Employees will be reimbursed for authorized travel and related expenses incurred while performing official WSA business.

4.5.3.1 All WSA staff must utilize the State Travel Management Program (STMP) when traveling on WSA official business. The _____ will be the

point of contact when utilizing the STMP.

4.5.3.2 The STMP assists WSA by utilizing vendor contracts to provide discounted travel services such as travel reservations, ticketing, and lodging and rental car reservations.

4.5.3.3 When using the STMP, each WSA employee must:

4.5.3.3.1 Obtain prior managerial approval when preparing to travel outside the Alamo region;

4.5.3.3.2 After approval, the travel coordinator (Executive Secretary) will complete the TSR (Travel Authorization, AWD FORMTA.10) and will then schedule travel services through a designated contract travel agency and confirm hotel accommodations;

4.5.3.3.3 WSA staff, when traveling to Washington D.C., must closely coordinate with the WSA travel coordinator, who informs the Office of State Federal Regulations (OSFR) regarding the time of the trip, the trips purpose and the name of a contact person for additional information.

4.5.4 Annually, the reimbursement rate for mileage is determined and posted by the Texas Comptroller of Public Accounts. The Fiscal Department will announce changes as they are made.

4.5.5 When using a personal vehicle for travel, under no circumstances shall an employee be reimbursed for normal travel between home and work or for personal travel (e.g. personal errands, medical appointments, etc.).

4.5.6 The number of reimbursable miles may not exceed the number of miles of the most cost-effective, reasonably safe route between two duty points. In determining the most cost-effective, reasonably safe route, WSA may consider the route that provides the shortest distance, the quickest drive time, or the safest road conditions.

4.5.7 The number of miles traveled by an employee on agency business may be determined by point-to-point itemization, documented by the employee's vehicle odometer reading or by a readily available online mapping service.

4.5.7.1 An increase in the number of miles due to the employee's receipt of inadequate directions or being "lost" is not reimbursable.

4.5.8 Overnight travel - Employees may claim actual expenses for meals up to a maximum daily allowance as noted in the GSA table for eligible travel events (e.g.

training, conferences, meetings, etc.) outside the WSA area, without taxable consequences. There is no maximum per meal allowance (i.e. breakfast, lunch, dinner). For the first and last calendar days of travel, daily allowances are calculated at 75% of a full day's allowance. Employees should request the specific daily allowances from the Fiscal Department prior to traveling outside the WSA area.

4.5.9 Travel without an overnight stay – Employees may claim actual meals if they are away/outside the WSA area at least six hours of the day; the meal reimbursement cannot exceed \$36.00 for the day and is taxable as wages, because travel must be away from home overnight to be excludable.

4.5.10 Employees may claim actual travel related expenses, such as parking or cab fare associated with eligible travel events. Such expenses must be documented (i.e. receipts required). If a receipt cannot be obtained (e.g. unattended parking), the employee must submit a signed statement attesting to the expenditure.

4.5.11 Lodging, transportation, and registration costs for eligible travel events shall be arranged by WSA; check with your manager for details. Cancellations for lodging, transportation, registration, etc. are the responsibility of the employee. Failure to make appropriate cancellations may result in costs being billed to the employee.

4.5.12 When travel is completed, employees are to submit travel reports using authorized forms within five (5) working days upon the completion of travel. Receipts, as necessary, for individual expenses must accompany reports.

4.5.13 Employees should consult with their managers for guidance and assistance with procedures related to travel authorization, arrangements, advances, expense reports, reimbursement for specific expenses, or any other business travel issues.

4.6 Paid Time Off (PTO)

WSA provides regular full-time and regular part-time employees Paid Time Off (PTO) that is responsive to the needs of the employees and the staffing requirements of WSA. PTO, which is time away from work with pay, may be used for vacation, appointments, personal time, illness/injury or to care for dependents. WSA does not offer separate vacation or additional sick leave

4.6.1 Time off, under this policy, does not account for scheduled WSA holidays, paid administrative leave, military leave, time off for jury duty or bereavement leave.

4.6.2 Eligible employees will accrue PTO benefit hours from the date of hire and be eligible to use PTO benefit hours after the successful completion of the 90-day introductory period. For personal illness only, or to care for a dependent family member, (one who lives in the employee's home and is a dependent for income tax purposes),

employees may be permitted to use PTO time as it accrues during the first 90 days of employment. For each occurrence of absence, documentation from a licensed medical provider is required when using PTO to care for a family member. PTO must be scheduled in advance and approved by your supervisor, except in cases of illness or emergency. Questions about PTO earned and used should be referred to your supervisor or to HR.

4.6.3 Definitions:

4.6.3.1 PTO Benefit Hours - Benefit hours accrued by regular full and part-time employees to provide salary continuation during authorized absences on scheduled work days. PTO accrual rates are determined by employee status, paid/worked hours and length of service.

4.6.3.2 Planned Absence—An absence from work that is requested and authorized at least 24 hours in advance.

4.6.3.3 Unplanned Absence -An absence from work that was not requested at least 24 hours in advance but is authorized due to a bona fide illness, injury or other emergency that prevents the employee from working. In case of unplanned absences employees are required to call their immediate supervisors at the earliest opportunity and no later than one (1) hour after the employee's normal reporting time. If supervisor is not available or unreachable, contact HR or the Deputy CEO.

4.6.3.4 Unexcused Absence - An absence from work that is not authorized. Unexcused absences may be incurred if the employee: fails to report to work for a scheduled shift, fails to report to work when time off has been requested but not authorized or incurs an unplanned absence that is not a bona fide emergency. PTO hours will not be granted for unexcused absences.

4.6.3.5 **Dependent family member** - for employees who are in the first 180 days of employment and desire to use accrued PTO hours for care of family members, those family members are confined to dependents who live in the employee's home and are dependents for income tax purposes.

4.6.4 Eligibility and Accrual Rates

4.6.4.1 All regular fulltime employees (those authorized to work 40 hours per week) will earn PTO hours each pay period based on years of service and the number of paid hours for that pay-period, excluding overtime.

Months of Service	Days Accrued Per Employment Year	Biweekly Accrual Rate
0 – 24/(before 2 nd anniv)	18 days	5.54 hours
25 – 48/(before 4 th anniv)	24 days	7.39 hours
49 –108/(between 4 th & 9 th anniv)	28 days	8.62 hours
109+(after 9 th anniv)	31 days	9.54 hours

Accrual example: 24 days x 8 hours = 192 divided by 26 pay periods = 7.39 hours

4.6.4.2 The PTO accrual year begins from October 1 to September 30. All regular part-time employees (those authorized to work 20 to 39 hours per week) will earn PTO hours on a pro-rated basis, based on the number of hours worked, excluding overtime.

4.6.4.3 Employees will earn PTO for scheduled hours when absent from work in connection with PTO, holidays, paid leave of absences, bereavement leave, and jury duty. PTO hours will not accrue while an employee is away from work on any type of unpaid status, or unpaid leave.

4.6.4.4 PTO carry over is limited to one years accrual into the next fiscal year. Prior written approval from the CEO is required in order to carry over more than one-years accrual. Any PTO hours in excess of your year accrual as of June 30th will be lost.

4.6.4.5 Overtime hours worked beyond a staff member's regular schedule are not subject to PTO accrual.

4.6.5 Using PTO Benefits

4.6.5.1 WSA has a responsibility to maintain adequate staffing levels in order to provide expected services. Employees have a responsibility to their employer and co-workers to work scheduled shifts and plan absences in advance.

4.6.5.2 PTO must be requested and authorized in advance except in cases of bona fide illness, injury or unanticipated emergencies.

4.6.5.3 PTO must be requested by the employee at least 24 hours in advance of the absence. Department requirements for more than 24 hours advance notice may be established, based on workload.

4.6.5.4 Employees will submit PTO requests. Employees may seek assistance from their supervisors or from the Payroll Administrator.

4.6.5.5 Supervisors will respond to PTO requests promptly and on a fair and

equitable basis, when the staffing needs of the department permit. Employees are not to assume PTO is approved until the supervisor has responded.

4.6.5.6 Supervisors may deny or cancel any PTO requests that would create a staffing shortage or an inequitable distribution of time off.

4.6.5.7 After completion of the 90-day introductory period, employees use PTO whenever they are authorized to be away from work at their request (except for holidays, birthday, jury duty, military reserve duty, or bereavement leave).

4.6.5.7.1 Non-exempt (hourly) employees request PTO hours and note the time away from work for each hour and fraction of an hour taken.

4.6.5.7.2 Exempt employees request and note time away from work for PTO in excess of two (2) hours in a work day. These requests should be occasional, preapproved by your Director and not weekly or on a regular basis.

4.6.5.7.2.1 If you are gone more than two hours you must request PTO for all the hours you were gone that day as PTO. Example if you are going to be gone three (3) hours request three hours PTO. Exempt employees who abuse the policy by frequent short periods away from work will be.

4.6.5.7.2.2 Deductions will not be made from salaries for Jury Duty, attendance as a witness, temporary military duty (reserve duty), absences caused by the employer (admin days), partial days other than noted above.

4.6.5.7.2.3 Deduction from salary may be made for one or more full days for illness/disability when the employee has exhausted PTO but may not be made for partial days when PTO is exhausted.

4.6.5.8 PTO will accrue during the entry probation period, but may only be used during the 90-day introductory period with supervisor approval and for documented personal illness or for the care of a dependent family member, as defined in Section 4.6.3.5.

4.6.6 Planned and Unplanned Absences

4.6.6.1 Employees are responsible for anticipating the amount of PTO that may be needed to cover future absences for vacation, sick time, and personal and family

matters. Employees are encouraged to use PTO for planned rest and recreation. WSA believes that planned, regular breaks in the work routine promote wellness and contribute to optimum performance on the job.

4.6.6.2 An occurrence of unplanned absence is a period of one or more consecutive days of absence, regardless of the total length of the absence.

4.6.6.3 Unplanned absences compromise the quality of WSA operations, services, costs and morale. An excessive number of unplanned PTO days are cause for progressive disciplinary action up to and including termination. Supervisors may request medical provider documentation for any medical use of PTO when such absences are frequent.

4.6.6.4 Employees who are absent for medical reasons, for a period in excess of three (3) days must provide physician documentation of visit upon return to work.

4.6.6.5 A medical leave of absence is a period of greater than five (5) working days in succession, as documented by a licensed healthcare provider. An employee may remain on active employment status for up to six months while on such a leave. However, the employee must make arrangements for the payment of all required premiums, employee and WSA contributions, should PTO accrual be exhausted during the medical leave.

4.6.6.6 In the event of illness or emergency, preventing the employee from reporting to work for periods exceeding one day, the employee must contact their supervisor, or HR, if the supervisor is not available, each subsequent day, no later than an hour after the start of the scheduled shift. Staff who do not adhere to this policy or who are directed to report to work and fail to do so will not be paid and may be subject to disciplinary action up to and including termination.

4.6.6.7 Each day of unexcused absence is cause for progressive disciplinary action, up to and including termination. PTO may not be used to cover unexcused absences.

4.6.6.8 Regardless of the reason, should an employee's unscheduled absences occur with such frequency so as to adversely affect operations and prevent the employee from meeting their employment obligations, WSA may take disciplinary action up to and including termination.

4.6.7 PTO Sell-Back

4.6.7.1 Employees may elect to sell back a portion of their PTO balances one time each fiscal year (October through September), after they have accumulated enough hours to cover the hours they wish to sell and the number of hours that must remain in the PTO bank. Sell-back may not reduce the employee's PTO balance below the hours that must remain at time of sellback (see schedule below). Employees may convert between 72-124 hours each fiscal year to cash, less taxes and 401(k) contributions. These sell-back hours will be cashed in at 100% of base pay rate. Sell-back requests will be submitted to the Payroll Administrator on Form 4.6 #1, Request for PTO Sell

Back for verification of hours eligible, requests will be forwarded to HR and then the CEO for approval.

Months of Service	Days Accrued Per Employment Year	Biweekly Accrual Rate	Hours Accrued per fiscal year	Max Hours Available to sell Back per fiscal year 50%	Hours That Must Remain At Time Of Sell Back 25%
0 – 24/(before 2 nd anniv)	18 days	5.54 hours	144	72	36
25 – 48/(before 4 th anniv)	24 days	7.39 hours	192	96	48
49 – 108/(between 4 th & 9 th anniv)	28 days	8.62 hours	224	112	56
109+(after 9 th anniv)	31 days	9.54 hours	248	124	62

4.6.8 PTO Payout at Termination

4.6.8.1 Employees who separate from employment after successfully completing their initial 90-day introductory period and, who have retired or resigned in good standing, after giving appropriate notice of at least two weeks' notice for staff and four weeks for all levels of management, will be paid for unused PTO time depending on the amount of years of service, according to the following schedule.

Between 0–48	192 hours
49 months +	288 hours

4.10.1 Notice to the Employee - You may elect to retain your common law of right of action if, no later than five days after you begin your employment, you notify WSA in writing that you wish to retain your common law right to recover damages for personal injury. If you elect to retain your common law right of action, you cannot obtain workers' compensation income or medical benefits if you are injured.

4.10.2 Additional information on workers' compensation coverage and applicable procedures can be obtained from the notices posted on our agency bulletin board in the break room and from HR.

4.10.3 It is extremely important that employees notify their supervisors and HR immediately in the event of a work-related accident. Failure to report these matters immediately, within 24 hours, could result in the delay of benefits.

4.10.4 Funds from the Emergency Leave Pool, through special PTO, may be available to employees, who must be away from work, on doctor's orders, during the first week following the injury, for whole and partial days to seek medical intervention for injuries suffered at work.

4.11 Consolidated Omnibus Budget Reconciliation Act (COBRA)

WSA makes every attempt to assist employees in understanding their eligibility for COBRA benefits. COBRA provides eligible employees and their dependents rights to continuation of group health plan coverage after their employment ends with WSA as provided in that federal law. The following is a very brief and generalized description of the rights under COBRA.

4.11.1 Employees, their spouses, dependent children, and other defined beneficiaries, who are covered under a group health plan on the day before a qualifying event, may extend their coverage under the health plan in accordance with the provisions of COBRA.

4.11.2 Qualifying for COBRA

A qualifying event includes:

4.11.2.1 Voluntary or involuntary termination of employment for reasons other than gross misconduct;

4.11.2.2 Reduction in the number of hours of employment below those qualifying for coverage (e.g. hours reduced below 30 on a regular basis);

4.11.2.3 Loss of dependent status.

4.11.2.4 To continue receiving group health benefits under COBRA:

4.11.2.4.1 HR mails the COBRA Notification to the employee's last known address within 14 days of termination of employment or provides the employee with the Notification when notified of a qualifying event.

4.11.2.4.2 Eligible employees must complete an election notice and pay 100% of the full month premium for a specified time period. Eligible employees may continue participation for various lengths of time, depending on the circumstances as outlined in the Notification.

4.11.3 Continuation of COBRA coverage may be terminated for any of the following reasons:

4.11.3.1 WSA no longer offers group health insurance to any of its employees;

4.11.3.2 A recipient does not pay premiums on time;

4.11.3.3 A recipient is covered under another group health plan that does not contain a limitation for preexisting conditions;

4.11.3.4 A recipient becomes entitled to Medicare.

Any questions about COBRA benefits should be directed to HR.

4.12 Education Assistance Program

WSA encourages its regular full-time employees, who have successfully completed the 90-day introductory period, to further their education and professional development. Education expenses are not taxable as income to the employee if the courses taken maintain or improve skills required for the employee's present job (IRC §127)

4.12.1 WSA will assist by providing employee, approved for inclusion in the program, a maximum reimbursement benefit of \$2,000 per calendar year. Employees may use this reimbursement benefit to defray the cost of pre-approved courses taken at accredited colleges, universities or recognized technical schools, and related college fees. Textbooks and materials will not be covered under this policy.

4.12.1.1 Courses must be related to the employee's present job, a position the employee could reasonably progress to, or those that are determined to benefit WSA. This is a mutually beneficial investment in the employee and WSA, because the increased knowledge and skills acquired by the employee, will

contribute to the success of WSA.

4.12.2 Conditions for participation are as follows:

4.12.2.1 Courses must be reviewed by HR and approved by the CEO.

4.12.2.2 Courses taken must not interfere with operational needs of WSA and reimbursement is limited to a maximum of six (6) hours per semester or 18 hours per calendar year.

4.12.2.3 The education assistance program does not cover College Level Examination Program (CLEP) examinations nor courses taken for audit.

4.12.2.4 Courses may be required as part of a course leading to a certification or licensure related to the employees current job.

4.12.3 WSA will reimburse only to the cost of semester hour tuition and fees charged by the University of Texas at San Antonio for the semester for which expenses are incurred. Employees will be responsible for the remainder of the cost. WSA educational assistance will be secondary to other sources of financial assistance such as GI Bill, Scholarships, Pell grants, etc. Reimbursement may or may not be taxable depending upon tax laws in effect.

4.12.4 WSA will reimburse costs as follows:

100%	=	Grade A
75%	=	Grade B
50%	=	Grade C

4.12.5 WSA employees may use this benefit to pay for fees that are mandatory for the student such as exam, registration, lab, general, library use, insurance, graduation, parking, etc.

4.12.6 Participating employees will incur a voluntary one-year (12-month) retention commitment based on the last date of reimbursement payment. If the employee voluntarily leaves WSA within 12 months of receiving reimbursement, a pro-ratio (by month) of the cost will be deducted from final payment of salary, wages, and unused PTO.

Example: If the employee is reimbursed in December and terminates employment during following March, s/he will be responsible for reimbursing 9/12s of the total reimbursement for the prior twelve months.

4.12.7 If the employee is involuntarily terminated due to department realignment or organization, the WSA share of the cost for tuition reimbursement will not be deducted

from the final paycheck.

4.12.8 Educational institutions must be accredited and/or recognized by the American Association of Colleges and Universities, Western Association of Schools and Colleges or the Southern Association of Colleges and Universities. In the case of professional certification, associations or governing bodies recognized as industry authorities will satisfy this requirement.

4.12.9 Employees will obtain approval from the Director and submit the completed application to HR. HR and the CEO will review the form and either approve or disapprove the course study based on relevance to WSA need.

4.12.10 After completion of the course the employee will bring a verifiable copy of course completion and grade(s) to HR, who will then send the complete education assistance package to Fiscal for reimbursement.

4.12.11 Requests for reimbursement will not be honored after the course is completed if an application had not been pre-approved or if the employee terminates employment prior to course completion.

4.12.12 Requests for graduate program consideration must be reviewed by the CEO for approval and is subject to change, based on funding.

4.12.13 For courses that are not graded, (i.e. Pass/Fail) proof of course completion, by certificate or license, must be provided in order for reimbursement to be paid.

4.13 Employee Assistance Program

WSA recognizes that certain issues may arise that could adversely affect an employee's health, safety or job performance. Therefore, it provides an Employee Assistance Program (EAP) that offers, at no cost, counseling and referral services to assist employees and their family members in addressing a variety of personal problems. HR will provide you with the contact information you will need to access the services.

4.13.1 Employees and members of their immediate households may voluntarily use this program. Employees may also be referred to the program by their managers or supervisors.

4.13.2 EAP services can help you resolve a broad range of issues, such as:

- Relationship and marriage problems
- Family issues
- Life changes

Legal and financial issues
Stress and emotional issues
Alcohol and drug dependency
Identity theft
Health and wellness concerns

4.13.2.1 EAP services are available to employees on the first of the month following 90 days of employment, when they become eligible to receive long term and short term insurance coverage, which is paid by WSA.

4.13.3 Any counseling, treatment or records that result from the voluntary use of the EAP is confidential, and will be released only on a need-to-know basis.

4.13.4 The employee's decision to seek such assistance will not be used for disciplinary action, nor will it be used against the employee in any disciplinary proceeding.

4.13.4.1 Participation in such programs will not protect the employee from discipline for violation of WSA policies.

4.14 Direct Deposit

WSA offers its employees the option of having their paychecks directly deposited to their checking or savings accounts.

4.14.1 Employees who take advantage of direct deposit, have the convenience of having the funds immediately available on payday, whether in the office, away, or in a remote location where mail delays may occur.

4.14.2 Employees wishing to take advantage of this program provide HR Authorization for Automatic Payroll Deposits and a voided check to validate account and routing information.

4.14.3 Final pay checks may be directly deposited if that has been the prior arrangement for employee who voluntarily resign from employment.

4.15 Alternative Work Schedules

WSA may provide regular (and designated part-time employees) employees the option to choose an alternative work schedule, if that schedule is in the best interest of the workflow in the department.

4.15.1 WSA is interested in alternative work schedules as a method of staff retention through work/life balance. Alternative scheduling may be available to assist employees in meeting their personal work performance goals and family needs.

4.15.2 All WSA employees will be considered for alternative work scheduling on a case-by-case basis, where creative work schedules have been shown to accomplish both work and personal goals, to provide coverage for individual department operations and to serve WSA with increased productivity at no expense to quality output.

4.15.3 Various alternative work schedules may be considered. The options include:

4.15.3.1 Flex-time - a block of time at the start and end of traditional 8-hour shifts during which employees may report and complete their required hours of work.

4.15.3.2 Ten-hour day, four-day workweek - an employee works ten hours per day, not including lunch, reducing the workweek to four days.

4.15.3.3 Customary work week hours: Monday through Friday, 8:00 a.m. to 5 p.m. Other variations of the 8 hour day may be negotiated with the department manager/director to assure department coverage.

4.15.4 The following guidelines apply to the WSA Alternative Work Schedule Policy:

4.15.4.1 Employees who are approved to work an alternative work schedule, may opt out at any time but will not be allowed to re-enter for six months. Staff opting out will revert to a normal Monday - Friday workweek.

4.15.4.2 All schedule changes must be approved in writing by the Director, Personnel Action Notice, found on the shared drive in the Forms section of the HR folder, and filed in the employee's personnel file in HR.

4.15.4.3 For employees approved to work a 4/10 schedule:

4.15.4.3.1 When a holiday falls within the pay period, those working a 4/10 schedule will revert to a regular 8-hour work schedule during the week of the holiday but not for the entire pay period.

4.15.4.3.2 When using full days of PTO, 10 hours will be charged to your PTO.

4.15.4.3.3 The regularly scheduled day off cannot replace a PTO day taken earlier/later in that week. (e.g. If you work 4/10 with Friday as your scheduled day off and Monday you take a PTO day, you will not be allowed to work Friday to make up for the PTO day on Monday).

4.15.4.3.4 The Department Director or CEO may terminate an employee's

alternative work schedule if the schedule is being abused, if the employee is not productively accomplishing goals, or for any other reason not benefiting WSA.

SECTION V

SAFETY

5.1 Safety

WSA complies with all applicable federal, state, and local health and safety regulations to provide a work environment as free as possible from recognized hazards. Employees are expected to comply with all safety and health requirements whether established by WSA or by federal, state, or local law.

This policy is applicable at all times when employees are on the premises including, but not limited to: before, during and after normal working hours, weekends, holidays and while visiting the premises when not on duty. It is also applicable when employees are engaged in work or conducting business on behalf of WSA and when participating in sanctioned events during business hours.

WSA encourages its employees to bring any concerns or suggestions for improved safety in the workplace to their supervisors or HR.

5.1.1 All employees must know and follow common sense safety precautions that protect the employee and their fellow workers from harm and increase effectiveness on the job. The following list covers some of the precautions employees are required to take when performing their work:

5.1.1.1 Do not engage in horseplay;

5.1.1.2 Do not engage in any physical or verbal acts and/or threats of violence, whether made in jest or seriously, by any person(s) while on the premises of or while conducting business on behalf of WSA;

5.1.1.3 Never use equipment unless trained and authorized;

5.1.1.4 Do not bring any concealed weapons, either licensed or unlicensed, on company premises;

5.1.1.5 Keep passageways to fire extinguishers, aisles, and doorways clear;

5.1.1.6 Know where fire extinguishers are located;

5.1.1.7 Always use proper lifting techniques;

5.1.1.8 Store flammable and hazardous waste materials in proper containers;

5.1.1.9 Turn off equipment not in use;

5.1.1.10 Know first aid kit locations and how to use them;

5.1.1.11 Report unsafe conditions to your supervisor immediately; and

5.1.1.12 Know the most direct and safe exit route in case of fire.

5.1.2 The above list of precautions is not exhaustive; rather it is intended only to highlight some of the practices which employees are expected to follow. Employees who violate safety standards, who cause hazardous or dangerous situations, or who fail to report or, where appropriate, remedy situations, may be subject to discipline, up to and including termination.

5.1.3 All accidents, no matter how minor, which could have or actually do result in an injury to anyone (employee, customer, visitor, vendor, etc.) should be reported to a supervisor immediately.

SECTION VI LEAVES OF ABSENCE

6.1 Bereavement Leave

WSA permits its employees to take up to three (3) consecutive paid days in event of a death in the immediate family. For the purpose of this policy the immediate family shall be defined as: spouse, children, parents, grandparents, grandchildren, and siblings. It also includes the immediate family member of the employee's spouse.

6.1.1 When a death in an employee's immediate family occurs within a 100-mile radius of Bexar County, paid leave will not be charged to the employee's accrued leave bank (PTO), for a period up to three (3) eight (8) hour days. Any additional time may be charged to the employee's accrued PTO.

6.1.2 When a death in an employee's immediate family occurs beyond the 100-mile radius of Bexar County, leave will not be charged to the employee's accrued leave bank (PTO), for up to five (5) eight (8) hour days. Any additional time may be charged to the employee's accrued PTO.

6.1.3 Employees may qualify for one (1) eight (8) hour day paid day for the death of a family member other than those defined as immediate family above.

6.1.4 While on approved bereavement leave, employees are paid at the regular base pay rate.

6.1.5 Requests for bereavement leave should be submitted to the employee's immediate supervisor.

6.2 Military Leave

WSA provides employees (including those in their introductory period) paid and unpaid military leaves of absence for service in a *uniformed service*, as provided for under the USERRA. Examples of matters qualifying for such unpaid leave include service, attendance or participation in a uniformed service's drills, training, or active duty.

6.2.1 In addition to the unpaid leave provided under USERRA, regular full time employees will be granted paid Military Leave upon presentation of valid orders or other appropriate verification. Regular fulltime employees are eligible to receive supplemented pay during the first 120 hours or 15 days of paid Military Leave annually, if the gross military pay is less than the gross wages paid by WSA. Non-work days, falling within a period of absence on military training duty, are included in the 15 days of allowed Military Leave.

6.2.2 An employee, who has exhausted his/her Military Leave with Pay may continue to use Military Leave Without Pay as provided in USERRA. Employees may use accumulated PTO during their unpaid Military Leave but are not required to do so. Paid military leave cannot be accumulated and will be lost at the end of each calendar year.

6.2.3 To be granted paid Military Leave, an employee must submit a copy of official orders or other relevant military documents, no later than 30 days prior to the start of training. This notice will allow the supervisor time to adjust the workload in the department for the scheduled time off.

6.2.4 Eligibility for unpaid military leave, applicable conditions, and other matters related to it and the provisions of USERRA and the State of Texas will govern reinstatement rights.

WSA complies with all of the applicable requirements of USERRA and the State of Texas and prohibits discrimination and/or retaliation against any individual who has served in the uniformed services or has engaged in any other actions protected by USERRA and the State of Texas.

6.3 Jury/Witness Duty

WSA grants leave with pay for the entire period that an employee is summoned to/serves jury duty. Paid leave, in this case, is defined as the authorized absence, without charge to leave or

compensation, for official Jury Duty or for attending court in a nonofficial capacity as a witness on behalf of WSA or other agencies as approved by WSA.

6.3.1 Employees will notify their supervisors or managers as soon as possible after they receive a summons so arrangements can be made to accommodate their absences. The manager may ask to review the summons or subpoena to confirm the time away from work.

6.3.2 Court appearances resulting from personal or off duty problems and not in an official capacity, will be charged as PTO or leave without pay, if PTO is not available.

6.3.3 If an employee receives fees when called for Jury Duty, the employee is authorized to retain such fees to help defray daily expenses.

6.3.4 Employees are expected to notify their supervisors of the end of the court commitment, if it falls within the work day and return to work if reasonable.

6.3.5 Paid leave for Jury/Witness Duty is not considered work time for overtime calculation for non-exempt employees.

6.4 Leaves of Absence

WSA provides a Leave of Absence (LOA) program and has established procedures for requesting this leave. The granting of LOA will be a matter of administrative discretion. The agency is not subject to the Family and Medical Leave Act but chooses to offer similar, but not exact, leave benefits to its employees.

LOA is an approved unpaid leave of absence available to eligible regular full-time and part-time employees. Employees are eligible if they have been employed a total of 12-months or more and have provided at least 1,250 hours of service during the previous 12 months. A leave of absence is a period greater than five work days in succession. The maximum amount of LOA is 12 weeks in any 12-month period. An eligible employee may take LOA for any of the following reasons:

6.4.1 Family Leave

6.4.1.1 Birth of an employee's child; and

6.4.1.2 Placement of a child with the employee for adoption or foster care.

6.4.2 Medical Leave

6.4.2.1 To care for the employee's child, spouse, or parent who has a serious health condition; and

6.4.2.2 When the employee is unable to perform the essential functions of their position because of the employee's serious health condition.

6.4.3 Personal Leave – Other reasons approved by the employee's supervisor/manager and the CEO.

6.4.4 An eligible employee may be granted leave up to 12 work weeks (480 hours) during any 12-month period, counted from the first day LOA is taken. The next 12-month period and its 12 week (480 hour) eligibility begins with the first day of a subsequent LOA.

6.4.4.1 Employees may be eligible for additional leave as a reasonable accommodation, if appropriate, and approved by the Manager.

6.4.4.2 WSA will engage in an individualized assessment to determine if the employee can be reasonably accommodated.

6.4.5 General rules for the LOA program:

6.4.5.1 LOA leave is permitted to support special needs of the employee, spouse, child and parent. Former spouses and in-laws do not qualify as spouses or parents;

6.4.5.2 LOA is generally unpaid leave and offers job protection for qualifying family or medical events. Workforce Solutions requires that PTO be exhausted before continuing unpaid LOA, except for Military Leave, with orders. Upon the exhaustion of paid leave, the balance of the leave will be without pay;

6.4.5.3 Each request for LOA will be examined closely to ensure that the needs of WSA and the employee are met;

6.4.5.4 During the time an employee is on a LOA, the position will not be offered to another person;

6.4.5.5 Employees on LOA, who exhaust their PTO accrual, will not accrue PTO hours.

6.4.6 Employee responsibilities for the LOA program:

6.4.6.1 Any request for LOA must be submitted seven days in advance to the department manager, if practicable;

6.4.6.2 Employees are required to report every 30 calendar days to HR on their leave status and intent to return to work;

6.4.6.3 Employees will be responsible for paying all benefit plan premiums

(employee and employer contributions) and will coordinate continuation of all insurance coverage with HR and the Fiscal Department. Failure to pay premiums will result in a loss of benefit coverage or repayment of amount due.

6.4.7 LOA procedures for both supervisors and employees are as follows:

6.4.7.1 The employee will first contact his/her supervisor regarding the potential for LOA. Through discussions with the employee and HR, the supervisor will determine employee's eligibility for LOA;

6.4.7.2 Employees are required to provide documentation from a health care provider ordering leave for a medical condition;

6.4.7.3 If the nature of the leave has been determined a LOA is appropriate, the supervisor will refer the employee to HR;

6.4.7.4 HR will provide the employee with the appropriate form, review the program and responsibilities and assist employee in filling out the form, if needed. After the form is completed, it will be approved by the supervisor and forwarded to HR for review and for approval by the CEO;

6.4.8 To be released to full duty after Medical LOA, the employee is required to bring healthcare provider's release, certifying the employee's ability to perform the essential functions of the job, with or without reasonable accommodation.

6.5 Registration and Voting

WSA encourages employees to fulfill civic responsibilities by participating in registration, voting, and state/local political conventions.

6.5.1 Employees are encouraged to vote either before or after the regular work hours during early or regular voting periods.

6.5.2 If an employee is unable to vote during non-duty hours because of work schedule, WSA will excuse employees for a reasonable period of time, up to 2 hours, to vote in any election in the community of residence.

6.5.3 If sufficient time is available before or after normal work hours to meet the two hour limit time off from work will not be granted.

6.5.4 Employees will request time off to vote at least two working days before the election. Advance notice will give the manager an opportunity to adjust the department workload, if necessary, and schedule time off.

6.5.5 Employees may be absent from work to participate in a state or local political

convention. This is unpaid leave. However, use of PTO is required, if available.

SECTION VII

GENERAL WORK RULES

7.1 Work Hours

WSA determines employees' working hours as required by customer service, agency operations, and available and efficient use of HR.

7.1.1 Official work hours at WSA are from 8:00a.m. to 5:00p.m. Monday through Friday. Exceptions or variances may be approved in writing on a case by case basis.

7.1.2 A workweek is 40 hours. However, circumstances, department workload or supervisor request may necessitate working more than 40 hours in a workweek.

7.1.3 Although every attempt will be made to adhere to the schedule assigned, the nature of agency business may necessitate schedule changes. If schedules changes are necessary, WSA will attempt to give as much notice as the circumstances permit. Employee flexibility and adaptability with respect to changes in assigned work schedules are deemed crucial requirements of every employee's job.

7.1.4 WSA official workweek begins at midnight each Friday, and ends exactly seven consecutive, 24-hour periods later.

7.1.5 Employees are not permitted to work overtime without the prior approval of their supervisor.

7.1.6 For exempt employees, hours worked outside of the official business hours and/or physical location cannot be used as a substitute for working the minimum required 40 hours per week, unless preapproved by _____. The _____ can approve time off during a regular work week when non-standard hours may be required for a job such as working overnight to deploy software or on a Saturday for a WSA sanctioned event. Telecommuting requests shall be for extraordinary circumstances and must receive prior approval from the _____. The approval must be accompanied by a memo which defines the reasons the telecommuting request was granted.

7.2 Lunch Periods

7.2.1 The lunch time schedule typically falls between 11:00 a.m. to 1:00 p.m.

7.2.2 A lunch period is typically one hour or a specified period in conjunction with an approved flexible work schedule.

7.2.3 Lunch schedules are determined at the sole discretion of _____.

7.2.4 Employees may not elect to use working during a lunch period as reason to leave in advance of their normally scheduled workday unless directed or approved in advance by their _____.

7.3 Attendance and Tardiness

To maintain a safe and productive work environment, WSA expects employees to be reliable and punctual in reporting for scheduled work. Absenteeism and tardiness places a burden on those we serve, other employees, supervisors, and on the agency. In the rare instances when employees cannot avoid being late to work or are unable to work as scheduled, they must notify their supervisor or someone in a leadership positions as soon as possible in advance of the anticipated absence. Leaving a voicemail or message is not sufficient notification.

7.3.1 Hours of Work.

7.3.1.1 Reporting to work on time, working all hours and schedules assigned, and avoiding excessive absences and tardiness are all essential responsibilities.

7.3.2 The following procedures apply to attendance and punctuality:

7.3.2.1 All WSA employees are expected to report to work as scheduled (start and end time), and maintain a satisfactory record of attendance;

7.3.2.2 All employees are required to obtain necessary approval from his/her supervisor prior to being away from the work area, except for pre-determined lunch breaks. If the Director is not available, the employee will notify _____. All employees are expected to sign out at the front desk when leaving the building on agency business;

7.3.2.3 Employees who are absent or leave the work area without proper notification are subject to disciplinary procedures, up to and including termination.

7.3.3 An employee, whether exempt or non-exempt, is required to provide accurate information concerning hours worked and to notify his/her supervisor of any deviation from scheduled hours.

7.3.4 Non-exempt employees are required to use their accrued PTO for time away from work, except for special leave, such as for administrative leave, bereavement, jury duty,

etc. It is the manager's responsibility to ensure that short absences do not become repetitive in nature and disruptive to the work.

7.3.5 WSA does not have a compensatory time policy. Directors may allow exempt employees short periods of time off, up to two hours, with prior approval, for special situations. This is allowed in recognition that exempt employees may devote more than time to their responsibilities than the typical workweek allows, for which the exempt employee does not earn compensatory time or extra pay.

7.3.6 Employees who fail to return to work without notice for three (3) consecutive workdays will be considered to have voluntarily resigned from employment. Employees who fail to return to work from any approved leave of absence on the date specified by the employer are considered to have resigned from employment.

7.3.7 Poor attendance and excessive tardiness are disruptive. Either may lead to disciplinary action, up to and including termination of employment.

7.4 Inclement Weather and Emergencies

Because safety of our WSA employees is of the utmost importance, WSA has developed contingencies in case of inclement weather or other emergencies.

7.4.1 In the event that inclement weather or workplace, city, or national emergency arise during the workday creating safety concerns, an employee may request to be released early and utilize PTO, at the discretion of the respective supervisor.

7.4.2 The CEO has the authority to officially close the office and grant paid Administrative Leave due to impending inclement weather or workplace, city, or national emergency.

7.4.2.1 In the event offices are closed before the start of the workday, efforts will be made to reach employees by 7:30 a.m;

7.4.2.2 Employees are responsible for keeping their contact information up to date with their supervisors and HR;

7.4.2.3 The _____ will notify the Directors, who will initiate a pyramid recall;

7.4.2.4 The _____ will update the agency's phone message as soon as she is notified. Employees who have not heard from their managers and question whether they should report to work are encouraged to call the office for the latest information;

7.4.2.5 Paid Administrative leave is not considered worked time and does not enter into the overtime calculation for non-exempt employees.

7.5 Dress Code

While traditional business attire is standard for situations when dealing face to face with the public, WSA also allows employees to dress in business casual attire Monday through Friday, when appropriate.

7.5.1 The well-groomed appearance of its staff maximizes customer confidence in the services provided by WSA and includes well-fitting, conservative, clean, pressed attire.

7.5.2 Fridays (or the last workday proceeding a Friday holiday) will be a casual or blue jean day, if desired. The jeans must be without holes, stains, tears and appear to be not excessively worn. Clothing that would be worn at the gym, beach, picnic, or to clean the garage or do yard work is not appropriate.

7.5.3 Supervisors and directors are responsible for ensuring that a professional appearance is presented at all times by employees.

7.5.4 Employees may be charged PTO should they be required to leave the workplace due to not being in the appropriate attire.

7.6 Security of Personal Property

7.6.1 WSA will assign desks and work areas to its employee and maintains the right to examine the contents of desks and offices at any time, without notice. Employees are expected to maintain those areas in an orderly fashion.

7.6.2 For security reasons, personal effects should not be left unattended or stored in WSA offices.

7.6.3 WSA assumes no responsibility or liability for the damage, loss or theft of personal property.

7.1 Non-Smoking Policy

Because WSA is committed to providing a safe, healthy and comfortable work environment for our visitors and employees, it maintains a smoke-free work place. Smoking, including use of smokeless tobacco products, is prohibited at all times in WSA facilities.

7.7.1 WSA's policy does not mandate that each employee be a non-smoker. Employees are asked not smoke in the workplace out of the concern for the health of all employees and to decrease the risk of fire and costs of cleaning, painting and repairs.

7.7.2 Employees may smoke outside of the WSA facilities, in designated locations, during designated break times. Be sure to dispose of cigarettes and matches in a proper container.

7.7.3 Additionally, it is a policy of the Vistana building that employees found smoking by Vistana personnel will be subject to fines administered by Vistana.

7.7.4 It will be the supervisor's responsibility to ensure that employees do not abuse this policy by taking an excess number of smoking breaks during the workday. Allowable smoke breaks are a maximum of one break in the morning and one in the afternoon. If you need extra breaks, you can use PTO. Failure to follow this policy will lead to disciplinary action, up to and including termination.

7.8 Political Activities

All employees have a constitutional right to engage in political activities. However, employees may not:

7.8.1 Engage in partisan or non-partisan political activities during work hours or in WSA offices;

7.8.2 Engage in partisan or non-partisan political activities in which he/she represents him/herself as a spokesperson or representative of WSA;

8.1.5 Disciplinary action for infractions may proceed as follows unless WSA determines, at its sole discretion, that a variation, acceleration of discipline, or exception is appropriate and are defined as follows:

8.1.5.1 Documented Oral Warning (Counseling) -To be used when the supervisor identifies a negative issue and discusses it with the employee. The purpose of this step is to resolve problems quickly so further action is not necessary;

8.1.5.2 Written warning - To be used when an employee has committed an act or a series of acts that ultimately may lead to further disciplinary action. This is often the second step of progressive discipline. Supervisors, when issuing a written warning will have a third party witness, either HR or another supervisor, witness the disciplinary session.

8.1.5.3 First and/or final warning or suspension without pay - Used when an employee has committed a major act or a series of acts subject to disciplinary action. The final warning may be given instead of a suspension. A suspension without pay may be set for a period of time ranging from one (1) day to one work week. During a suspension, an employee shall not be eligible to use or accrue PTO.

8.1.5.4 Demotion - Used when an employee has committed a major disciplinary infraction or cannot perform the essential job duties, as outlined in the job description, with reasonable accommodation if appropriate, to the satisfaction of management.

8.1.5.5 Termination - Used when an employee has committed a major act, repeated acts for which prior disciplinary action has been taken, or for inability to perform essential job duties, as outlined in the job description, with

reasonable accommodation if appropriate, to the satisfaction of management.

8.1.6 Disciplinary action may begin at any of the four levels indicated above depending on the circumstances and will follow progressive guidelines, as noted in 8.1.4.3, above. Among the factors which WSA may consider in the application of disciplinary are:

8.2 Grievance Procedures

WSA provides a procedure to settle grievances between the supervisory personnel and employees as quickly and, at as low administrative level as possible, to assure efficient work operations and maintain employee morale.

8.2.1 As part of WSA's commitment to open communication, employees are encouraged to ask questions and to inform their managers of work-related problems. Most problems can be and are resolved informally, but if attempts at informal resolution are not satisfactory, a formal Grievance process is available.

8.2.2 A Grievance may not be filed relative to the content of any job description or matters related to wage, salary and benefits. The only exception is if it pertains to the equal application of related policies and procedures.

8.2.3 Coverage: Regular full-time employees have full access to the grievance procedures. Temporary employees have limited access to the grievance procedures. They may go to the supervisor one step above their own supervisor using the informal grievance procedures for the resolution of employment problems, but do not have access to the grievance procedure relative to dismissal action.

8.2.4 If the Grievance does not allege a violation of any federal or state statute, the grievance should be filed with HR for review. If the grievance is not resolved within five (5) days to the satisfaction of the employee, the matter will be forwarded to the CEO for review, whose decision shall be final (with exception of WIA employees).

8.2.5 All grievances will be written, submitted within 10 days of the incident, and include the following items:

8.2.5.1 Name, position, date of hire, date of grievance;

8.2.5.2 The date the incident occurred;

8.2.5.3 A brief summary of the incident, including the reason why the grievance is being filed; people directly involved in the incident; witnesses;

8.2.5.4 Resolution requested.

8.2.5 Grievances that allege discrimination on the basis of age, sex, race, color, national

origin, disability, religion, political affiliation or belief, and for citizenship or participation in programs funded under the Workforce Investment Act (WIA) shall be processed in accordance with the WIA rules, Subchapter F, Nondiscrimination and Equal Employment Act, 20 USC, 667.600-667.650.

8.2.6 In addition to the Grievance procedures set forth in 20 USC Part 660, and in accordance with the grievance procedures in 29 CFR, Part 37.70 et seq., 40 TAC 841.208 etc. establishes state procedures for resolving allegations of violations of the Federal Act in the operation of WIA programs and activities. These procedures cover complaints alleging a non-criminal violation of the Federal Act and do not apply to complaints of discrimination. The State may waive specific provisions of this state grievance procedure upon the agreement of all parties. Complaints alleging a WIA non-criminal violation shall be processed in accordance with WIA rules.

SECTION IX

TERMINATION OF EMPLOYMENT

9.1 Employment Termination

Termination of employment is an inevitable part of personnel activity within any organization. Below are examples of some of the most common circumstances under which employment is terminated:

9.1.1 Resignation – is a voluntary employment termination initiated by an employee.

9.1.1.1 An employee who desires to leave the agency in good standing will submit his/her resignation to his supervisor or to HR in writing, and give at least a two week notice of intention to leave the organization. Failure of staff members to give a two week notice and managers of all levels to give four weeks' notice will make the employee ineligible for re-hire. Exceptions are at the discretion of the CEO;

9.1.1.2 Final paychecks will be directly deposited on the next scheduled pay day, can be picked up at WSA, or mailed to a specified address. It is the terminating employee's responsibility to keep WSA advised of his/her current mailing address for post-termination mailings;

9.1.1.3 Generally, an exit interview is scheduled with HR during the final few days of employment, to seek input about general working conditions and suggestions for improvement. See Policy 9.3 for details;

9.1.1.4 An exit checklist will be completed and all equipment, keys, or other items provided by WSA will be returned and any financial settlement for

equipment or special expenditures on the employee's behalf will be discussed and arranged.

9.1.2 Discharge – is an involuntary employment termination initiated by the organization. In accordance with the Texas Payday Law, final pay is due to the employee within six (6) days of termination.

9.1.3 Layoff or Reduction-In-Force – is an involuntary employment termination, initiated by the organization, not for disciplinary reasons. WSA has the right to lay off employees at-will, with or without cause, and at any time. See Policy 9.2 for details. In accordance with the Texas Payday Law, final pay is due to the employee within six (6) days of termination.

9.1.4 Retirement - is voluntary employment termination, initiated by the employee, who meets age, length of service, and other criteria for retirement from the organization.

9.2 Reduction in Force

WSA may, as a business necessity, decrease the number of workers employed. The agency has the right to reduce its workforce at any time and will determine the functions and the most effective mix of job classifications and/or skills necessary for reduced operation. The CEO will notify the Board of any reduction-in-force.

9.2.1 A reduction in force is a decrease in the number of authorized employees or a decrease in the number of employees in a specific classification, resulting from discontinuing a service, organizational changes, functional reassignments of tasks, a reduction in funds authorized, or other factors deemed appropriate by WSA, at its sole and exclusive discretion, and is not considered a disciplinary action.

9.2.2 Whenever appropriate, employees in positions to be deleted may be considered for assignment to other open positions in the agency, for which they are qualified, in the same or another departments. This action, if it occurs, will be coordinated through the CEO, HR and the applicable directors.

9.2.3 When a reduction in force occurs, after determining the functions most necessary to retain, WSA will utilize the following criteria, in descending order, to determine which employees will be affected, when more than one employee in the same position is considered.

9.2.3.1 Employees in the introductory period, during the first 90 days of employment or on performance probation while on an active Work Performance Improvement Plan;

9.2.3.2 If additional employees in the same position must be eliminated, the following criteria are considered:

9.2.3.2.1 Overall performance within the past 12 months, according to the most recent performance evaluation;

9.2.3.2.2 Written disciplinary record within the past 12 months;

9.2.3.2.3 Attendance/tardiness record within the past 12 months; and

9.2.3.2.4 Length of service according to the most recent period of continuous employment.

9.2.4 In the case of a reduction in force, no recall plan will be implemented.

9.3 Exit Interviews

WSA will generally schedule exit interviews for all employees who voluntarily terminate their employment. Departing employee feedback is important.

9.3.1 The exit interview will afford an exiting employee the opportunity to discuss such issues as employee benefits, conversion privileges, repayment of outstanding debts to WSA, or return of WSA owned property. Suggestions, complaints, and questions will be solicited.

9.3.2 Exit interviews are also utilized to identify positive and negative trends and to pinpoint areas for improvement and change within the organization.

Subject: Human Resources Consulting Services RFP

Summary: Workforce Solutions Alamo (WSA) issues Request for Qualifications (RFQ), Request for Proposals (RFP), and Request for Quotes (RFQ) to acquire services and goods. Procurements are conducted in a manner which provides for full, open and free competition. The procurement of all goods and services for WSA is governed by the requirements and specifications outlined in the Texas Workforce Commission (TWC) Financial Manual for Grants and Contracts, Chapter 14, Office of Management and Budget's "Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards" (Uniform Guidance (UG)) which is codified at Title 2, Part 200 of the Code of Federal Regulations (2 CFR part 200) and the Uniform Grant Management Standards (UGMS), Part III, Chapter 783 Texas Government Code.

Analysis: As an entity supported by public funds, WSA has a legal obligation to spend public funds wisely and prudently, to act in the public interest, to be transparent in its actions, and be accountable to the public. As the Director of Procurement and Contracting, the goal of my team is to ensure our department reviews all requests for purchases of goods, services, equipment, software, hardware, and subscriptions for best value.

The Request for Proposal (RFP) was issued to obtain Human Resources consulting services to review and make recommendations on current WSA Human Resources management practices, Policy and Procedures Manual, and other human resources functions, programs and procedures. The RFP was issued on April 15, 2020 and responses were due May 15, 2020. WSA received three proposals from Historically Underutilized Businesses (HUB). The proposals were evaluated and scored. After the evaluation process, a firm was recommended for award.

Alternatives: N/A

Fiscal Impact: \$15,000.00 and the project is fully funded and by cost allocated funding source

Recommendation: Staff is recommending contract award to KAS Consulting Group, Inc.

Next Steps: If approved, contract negotiation and execution.

Procurement & Contracting

Procurement Lifecycle

1. Needs Assessment/Planning/Finance
2. Determining Sourcing Options
3. Creating the Solicitation (RFQ/RFP)
4. Issuing the Solicitation
5. Receiving the Responses/Quotes
6. Evaluation
7. Selection/Award
8. Negotiation
9. Execution of Contract

Procurement Methods

Micro-Purchase: threshold of up to \$0-\$3,000.00 per purchase

Small Purchase: must obtain price or rate quotations from an adequate number of qualified sources for all purchases that exceed the micro-purchase threshold of \$3,000.01-\$150,000.00.

Sealed Bid (IFB)/Competitive Bid (RFP): both methods of procurement are appropriate when purchasing goods/services for which the aggregate cost exceeds the simplified acquisition threshold of \$150,000.

Non-Competitive/Sole Source: Bids may be solicited from only one source if the contracting officer determines that only one source is reasonably available or if after solicitation of a number of sources, competition is determined to be inadequate.

Cooperative Purchase: Goods and services purchased through the Texas Department of Information Resources (DIR), State of Texas CO-OP, and Texas Multiple Award Schedule (TXMAS) Program have been competitively procured and are made available to members through state term contracts, without requirements to conduct additional procurement activities.

Selection Process

- A Request for Quotation (RFQ) is used when discussions with bidders are not required (mainly when the specifications of a product or service are already known) and when price is a primary factor in selecting the successful bidder.
 - A Request for Proposal (RFP) is used where the request requires technical expertise, specialized capability, or where the product or service being requested does not yet exist, and the proposal may require research and development to create whatever is being requested.
 - The RFP presents preliminary requirements for the commodity or service, and may dictate to varying degrees the exact structure and format of the vendor's response.
 - Our objective was to solicit proposals from qualified vendors and identify which vendor would be the best-qualified to complete the project.
 - Evaluation metrics included past experience, experience of key personnel, quality of service, industry reputation, and pricing. After the assessment is complete, proposers were ranked and the highest ranked vendor was recommended for award of the contract.

- **Acceptable Levels of Performance** - In e-mail dated 9/28/18 TWC recommended acceptable levels of performance updates for WIOA measures only (excludes LBB and TWC measures) and applied the follow standards: MP for BCY19 and beyond is 90%-110% of target.
- **Median Earnings** - In e-mail dated 11/2/18 TWC identified issues regarding Q2 and Q4 targets. As a result, TWC has decided on not setting Median Earnings Targets at this time. Projected timeframe for Median Earnings Targets is May once casemixes can be more accurately evaluated.
- **Employers Served** – TWC is still working on WorkInTexas fix to correctly display Employers Served data.
- **Average Number Children Served Per Day – Combined**– On 1/7/2020, TWC approved updated CC targets which will begin to be displayed and used for Measure Status with the February MPR.
- **Claimants Reemployment** - TWC is currently unable to accurately report performance at this time and will begin reporting measure once this is fixed.

WORKFORCE PROGRAM SUMMARY DESCRIPTION

“Programs” can be classified in different ways as based on the way that they come about. These include “*Formula-Funded Grants*,” “*Workforce Initiatives*,” “*Special Grants/Projects*,” “*Fee-for-Service Grants*,” and “*Other TWC Grants*.”

Formula-Funded Grants

Funds for services are allocated to state and local areas based on a formula. These grants are the Board’s ‘bread and butter’ and form a part of our primary or core programs.

Child Care Services (CCS). Child care subsidies in support of low-income parents’ employment (retention) and/or completion of education and training. Services are also offered to TANF/Choices and SNAP E&T participants, as well as for children in need of protective services.

Non-Custodial Parent Choices (NCP). Program targets low-income unemployed or underemployed noncustodial parents who are behind on their child support payments and whose children are current or former recipients of public assistance.

Quality Improvement Activities (QIA). Initiatives that help promote the quality of child care, including training and technical assistance that are primarily geared to benefit child care facilities that are working toward Texas Rising Star (TRS) certification or are TRS providers working toward a higher certification level.

Rapid Response. Rapid Response is a proactive, business-focused strategy designed to help growing companies access an available pool of skilled workers from companies that are downsizing and to respond to layoffs and plant closings by providing immediate on-site assistance to transition workers to their next employment as soon as possible.

Supplemental Nutrition & Assistance Program Employment & Training (SNAP). Program helps ‘food stamp’ recipients gain skills, training, or work experience and increase their ability to obtain regular employment.

TANF/Choices. Program offers job preparation and educational services required for parents who depend on public assistance (Temporary Assistance for Needy Families/TANF) to transition into economic self-sufficiency through employment.

Trade Adjustment Assistance (TAA). Program provides job training and employment services to workers who have lost their jobs due to the effects of international trade.

Wagner-Peyser. Federal legislation that established the ‘Employment Service’ and ancillary functions in 1935, as subsequently amended. Employer, job matching, and other related services offered at the Centers are partly funded using Wagner-Peyser grant funds.

Workforce Investment & Opportunity Act (WIOA). WIOA has three main “formula-funded” grants serving Adults, Dislocated Workers, and Youth. However, other smaller grants are funded through WIOA, such as Rapid Response and Trade Adjustment Assistance (TAA).

WIOA funds also can be used for Incumbent Worker and Customized Training, both of which only require 'basic' WIOA eligibility (e.g., being eligible to work in the U.S., being employed and, for males, being registered in Selective Service). The following three grants do have additional eligibility requirements which individuals must meet for funding.

WIOA Adult. Program serves economically disadvantaged adults assisting them in obtaining the skills needed to obtain, retain, and/or advance in employment.

WIOA DW. Program serves individuals who have lost their jobs as a result of a layoff or closure (e.g., at no fault of their own). Program assists dislocated workers in returning to the workforce as quickly as possible.

WIOA Youth. Program serves in-school and out-of-school youth ages 16-24 supporting them so they may enter into or complete educational/training opportunities, so they may gain the skills and credentials needed to obtain and retain employment.

Special Grants/Projects

Special Grants/Projects are those that WSA competes for (e.g., these are not like the "formula-funded grants" that TWC awards WSA). Rather, WSA writes a proposal to request and/or compete for funding, be this on our own and/or with partners.

Externship for Teachers. Grant available by TWC to outreach/collaborate with employers and Independent School Districts (ISDs) to provide externships for middle school and/or high school teachers, schools, counselors, and school administrators. WSA assists in the development and submits a proposal in partnership with the Alamo STEM Workforce Coalition (ASWC). ASWC is comprised of the Alliance for Technology Education in Applied Math and Science (ATEAMS), the Education Service Center 20 (ESC-20), SA Works, UTSA, and C2 GPS. The project requires matching funds (e.g., non-federal funds put in by the partners and/or private donors).

High Demand Job Training Program. WIOA funds that aim to address skill gaps that support talent pipelines that help meet industry needs, for example, for the purchasing of instrumentation, tools, and/or equipment. These must be done in collaboration between Boards and Economic Development Corporations (EDCs). Partners with whom WSA has collaborated include Alamo Colleges, Seguin EDC, and New Braunfels IDC (e.g., recent grant focused on building capacity with CNC machining technology and training).

Workforce Commission Initiatives (WCI)

WCIs are grant awards issued to Boards by TWC to fund specific project initiatives. The focus and timeframes of these grants vary. These initiatives support the delivery of services to workers and employers and help fund projects that strengthen and add value to the delivery system. The following are some examples.

Red, White, and You! Employment Service (ES) funds to support the job fair event for Veterans.

Career in Texas Industries/Youth Career Fair Events. TANF funds that support Career in Texas Industries or Youth Career events for middle school, high school, and postsecondary students. Events aim at promoting exploration of career opportunities including

understanding pathways to in-demand careers, networking, internships, and other applied learning opportunities. This year's focus is on a Career Pathway Readiness Mini-Summit to include school Administrators, Counselors & Teachers, Parents, Students, and Workforce Development professionals with individual tracks and which is scheduled for September.

Texas Veterans Leadership Program. Utilize ES funds to support TWC's Texas Veterans Leadership Program (TVLP) staff. The Board shall ensure Agency TVLP staff is provided access to and use of common equipment, software or hardware platforms, consumables, and telecommunications networks in shared facilities. The Board may acquire goods or services needed to support the Agency's TVLP staff.

Child Care Quality Conference. Utilize CCDF funds to cover travel costs to the TWC Child Care Quality Conference.

Foster Care Youth Conference. Utilize TANF funds to cover travel costs to the Foster Care Youth Conference.

Military Family Support Pilot Program. Program designed to better meet the needs of military spouses entering the job market at military installations.

Fee-for-Service Grants

TWC has begun issuing funding for Vocational Rehabilitation Services (VRS). These funds aim at ensuring that Texas effectively prepares students with disabilities to obtain competitive and integrated employment through participation in employability skills and work readiness training, career exploration activities, work experience, postsecondary education, and other activities.

Summer Earn & Learn (SEAL). Includes work readiness training and paid work experience during the summer for students with disabilities.

Student HireAbility Navigator Project. Funding for two positions to serve as resources in the WDA to support, expand, and enhance the provision of pre-employment transition services to students with disabilities who are in the early phases of preparing for transition to postsecondary education and employment.

Paid Work Experience Services. Boards partner with TWC-Vocational Rehabilitation Division (TWC-VR) to pay wages and associated taxes and fees so customers with disabilities can engage in paid work experiences.

Other TWC Grants

TWC sometimes may issue grants to Boards that are not tied to Workforce Initiatives.

Reemployment Services and Eligibility Assessment (RESEA). Grant programs funded by Title I of WIOA and the federal-state Unemployment Insurance (UI) program are required partners in a comprehensive, integrated workforce system. This program targets claimants who are most likely to exhaust benefits and be in need of reemployment services.

MEMORANDUM

To: Executive Committee

From: Adrian Lopez, WSA CEO

Presented by: Tony Martinez, Child Care Manager

Date: June 5, 2020

Subject: Child Care Essential Worker Occupations

Summary:

The Texas Workforce Commission (TWC) provided workforce boards with funding for Essential Worker Child Care. TWC identified the following occupations as essential:

1. Workers in child care services that support workers in other essential functions
2. Pharmacy and health care workers
3. First responders
4. Critical infrastructure workers in grocery, utilities, and trucking
5. Other identified infrastructure workers, which include:
 - a. critical state and local government staff;
 - b. mail/delivery services;
 - c. nursing homes, home health care, and other direct care providers;
 - d. banks;
 - e. gas stations;
 - f. military;
 - g. restaurants and other food delivery; and
6. Critical Occupations identified by the Board

In order to meet the needs of our local economy, using local flexibility, WSA elected to adopt Mayor Nirenberg's list of Critical Occupations included in the Emergency Order issued March 23, 2020. Critical local industries included but were not limited to:

- Blood banks
- Public transportation
- Street and highway maintenance
- Taxis and rideshare
- IT services

- Services for Economically Disadvantaged
- Hotels
- Trash and recycling collection
- Mailing and Shipping services
- Plumbers
- Electricians
- Public safety
- Funeral services

Analysis:

This decision to serve local critical occupations significantly increased the number of children we could serve and subsequently we had the 2nd highest number of Essential Worker enrollments (2,954 as of 5/22) in the state, only trailing the Gulf Coast board. This decision strengthened our local economy during the pandemic and allowed us to support Essential Workers that needed child care on the frontline.

See Statewide Essential Worker Enrollments attachment for more details.

Alternatives:

If we didn't adopt Mayor Nirenberg's critical occupations, we would not be serving our community to our fullest potential as several parents enrolled in critical occupations would have been ineligible under the TWC list.

Fiscal Impact:

This strategic move allowed us to enroll the maximum number (of children before TWC discontinued Essential Worker Child Care on 5/20).

Recommendation:

Staff recommendation was approved by CEO and WSA used local flexibility to serve more children in local critical industries.

MEMORANDUM

To: Executive Committee

From: Adrian Lopez, WSA CEO

Presented by: Mark Milton, Chief Operating Officer

Date: June 5, 2020

Subject: Re-Opening of the Centers Plan

Summary: This item is to provide an update on the Re-Opening of the career centers. We anticipate this being a one-time occurrence.

Analysis:

- 1) WSA Intends to re-open all career centers on **June 15, 2020. TWC has accepted the Re-Opening plan submitted in May of 2020.** WSA has secured the necessary PPE to distribute to contractor staff, clients, and partners.
- 2) All centers including the rural communities are expected to open on this day for appointments to clients. The resource center will remain closed to the public until June 25, 2020. We do anticipate walk-in traffic will occur and we will work with these individuals to ensure no one is turned away. We are working closely with KGB who will be messaging our re-opening plan to the community.
- 3) CDC signage will be posted in every office including the Board office. There is also signage on the doors and additional signage as needed will be placed in the offices when reopening to the public.
- 4) Staff will rotate back into Career Centers on a 3 or 4 team rotation, where feasible. Rotations should be weekly to reduce risk of contamination of workspaces and cross team infection. All staff are required to rotate. Team members onsite in rotation in workstations will be at least 6 feet apart.
- 5) We will allow staff to continue telework who are 65 years or older (CDC guidelines) and those with compromised immunity such as Individuals with serious underlying health conditions, including high blood pressure, chronic lung disease, diabetes, obesity, asthma, and those whose immune system is compromised such as by

chemotherapy for cancer and other conditions requiring such therapy. Other considerations for staff will be given on a case by case basis.

- 6) All staff and customers will have their temperature taken daily. According to the CDC guidelines, if they have a fever at or above 100.4 degrees Fahrenheit or 38 degrees Celsius, that employee should be sent home. The same discretion can be used to determine whether to serve customers. Unfortunately, individuals who are asymptomatic cannot be detected. TWC guidelines state that we cannot require customers to wear a mask, however we will strongly encourage it and have a supply available for all clients. Staff will be required to wear a mask at all times.
- 7) **July 1st** is the targeted day we will re-open the resource room to walk in traffic. All computer banks will honor the social distancing guidelines and access to computers will be at least 6 feet apart.
- 8) We anticipate normal operations to resume at some point in the fall.

Alternatives:

In the event there is a need to close a center due to an outbreak, these situations will be handled on a case-by-case basis.

Fiscal Impact:

PPE and supplies have been purchased and are budgeted. We are also budgeting for security services for the career centers as well. Funding has been received to cover a portion of the costs for this initiative and overall impact to the budget is minimal.

Recommendation:

Recommendation is to approve the plan as highlighted above.

Next Steps:

Next steps in the process will be to continue to prep the career centers for re-opening and track the progress of the plan accordingly. We will also monitor the flow and traffic patterns in each career center and determine if there is a need to adjust staffing or resources as available. Board staff will monitor the openings closely and track all the latest information from TWC and the CDC in order to keep our staff and clients safe and healthy.
